Martin,
It's been a great year in Chorus. It's been fun having you sit next to us four girls we can really act up, and deal & might as well say it, we do. I hope you find your final goal in life and reach it.

God Bless You
Willa

Martin,
What a great year in Mr. Dow's class- I'm sure glad it's over. It's fun knowing you and I want to wish you the best of luck. Janis

Martin
I'm glad I had you in English this year. It's refreshing to have a real personality in class to relieve the boredom. I hope I'll see you sometime again after graduation. Keep up the good work and I wish you the best of luck in whatever you do.

Your friend always,
Pam Hayes.

Martin -
I wish you all that you deserve in life, and I hope you are always as congenial as you are now.

Love ya,
Jen M.

YOUTH is that time in our lives which brings laughter and happiness, yet tears and sorrow. The need for love and attention is strong, yet our independence is important too.

GROWING up is a time for having fun in a crowd, being alone with someone we like, yelling our hearts out at an exciting football or basketball game, acting grown up and sophisticated when our parents are watching, but being carefree and silly when no one is around.

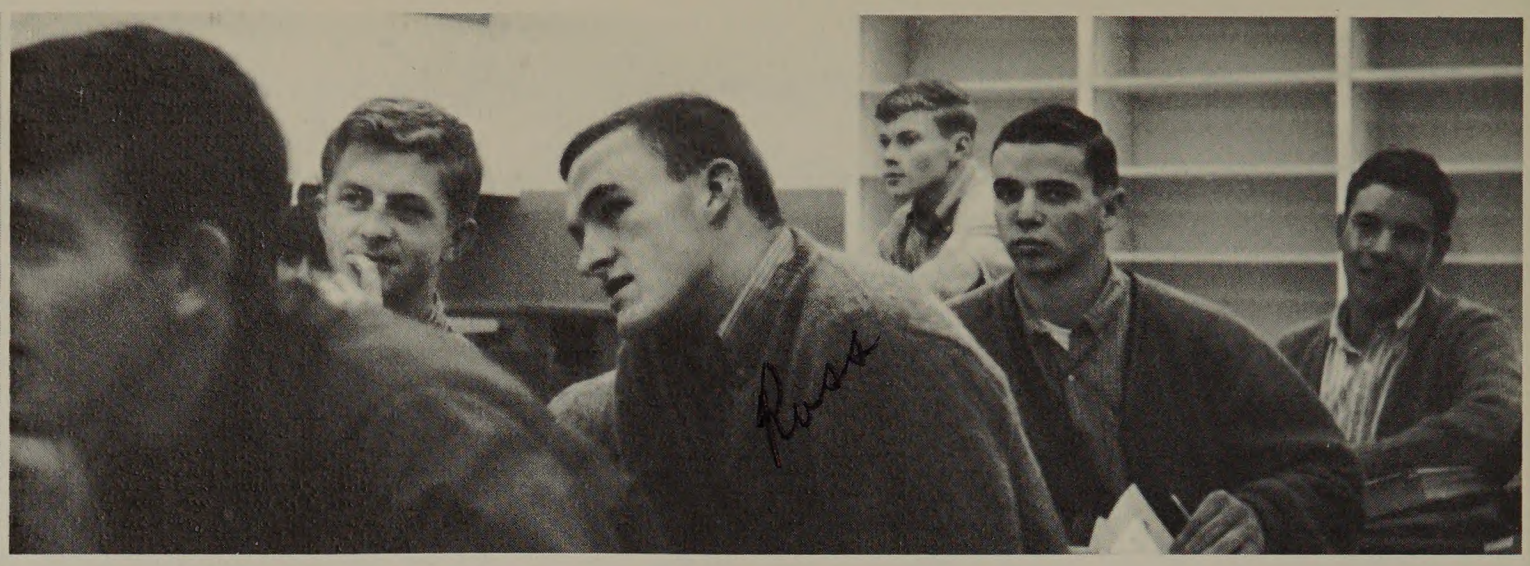

THIS is the way life goes until we pass from adolescence to adulthood. To some of us this seems a long way off, but we need to enjoy this part of our lives because we will soon be approaching the responsibility of self-support, obligations of careers, marriage, and raising a family.

THESE precious few years go fleeting by so rapidly that we do not realize how priceless and valuable they are and how we will treasure their memories.

Marty -
This last week has really been a riot! I can't believe we're really graduating!! I wish we could have had some classes together but... well - best of luck to you always - Have fun at D. Land. Love, Nancy C. '65"

Richard Ehlers "65"

What better time for that international sport, Girl Watching, than when the school bus mob comes rumbling down the sidewalk? In our youth we enjoy many activities, such as marching in the band or wearing crazy hats, which help us forget our schoolwork for a moment. Our jobs, whether they be reporting a football game or crowning the queen, prepare us to live in the adult world we are about to enter. Although we often wish that our adolescent years would rush by even faster, they are actually the most interesting of our lives.

Martin
It has been very nice Knowing you these past yr. I wish you all the best of luck in your future and good fortune in life

Youth Is A Love Affair

Someone once said that youth is too much fun to be wasted on young people. Maybe so, but however mediocre Vista High students occasionally may seem, one thing they excel at is having fun. Whether it is preparing for the homecoming bonfire, racing in a gunny sack, smooching before the start of a big parade, secretly holding hands in class or girl-watching at lunch, youth indeed is fun.

With Life

Gary

Martin,

It has been fun being in Clerical this year with you.

I wish I could have known you better except you only came to C.E. once. C.E. is alot of fun and you could have made alot of friends.

Be good Martin and have a nice summer.

May God Bless & Keep You,

Gayle

Youth Means Concentration

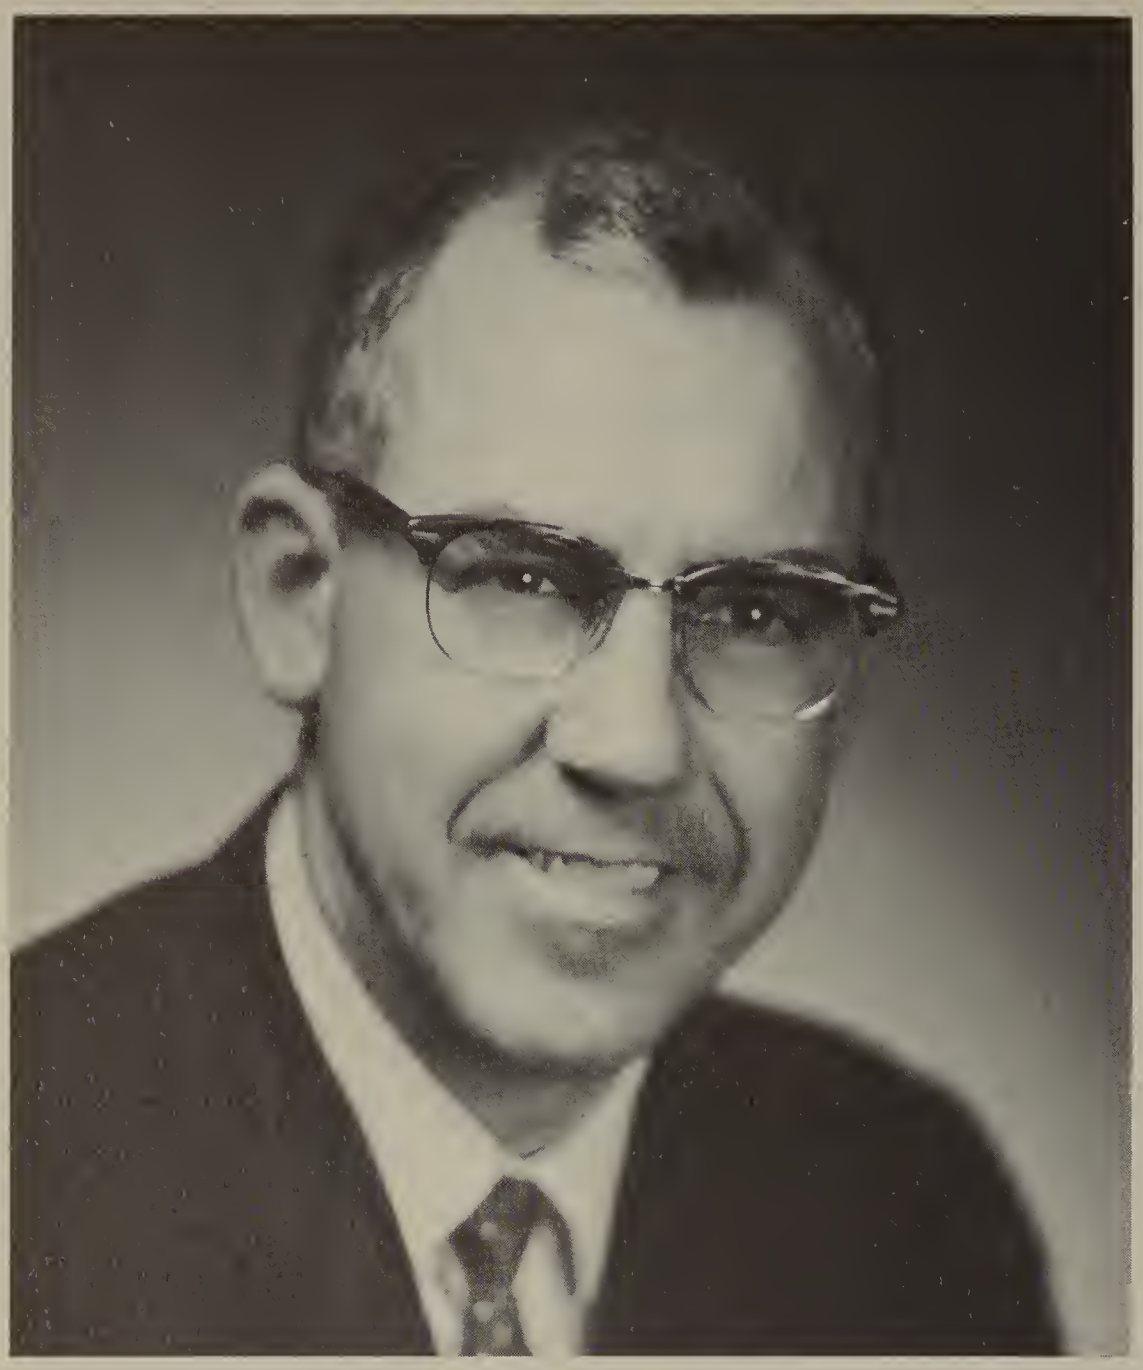

What does a youth's subconscious mind do when he's studying? Does it blow bubbles or dream of cars? Six hours of studying a day entitles students to moments of relaxation at the end. Whether they like to restore old cars or just fool around with the gang, it's easy for youth to find enjoyment anywhere they look for it.

—Then Relaxation

Mr. Walton Crymes

To These Two Men, The Class Of

Whenever a Vista High School student—whether he is a sophomore, junior, or senior—has difficulty in adequately planning his high school education, a part-time job, a college education, or even a life's work, Mr. Walton Crymes, Vista High School Counselor, is usually the one man on campus to whom all students instinctively turn for help and assistance.

To the sophomore, Mr. Crymes is a guiding light. His genteel personality and his broad, radiant smile quickly reassure the incoming underclassmen of their importance and necessity to the educational system to which he is so proudly dedicated.

Juniors find Mr. Crymes working conscientiously in their behalf. He constantly advises them on scholarship tests, aptitude tests, and lectures which will be useful in determining a post-graduation job or selection of a college.

Seniors above all realize the personal interest Mr. Crymes has had in each individual in school. He has helped each senior to recognize the purpose of life which lies ahead, and he has assisted each person to begin to think about an occupation or a college education. Mr. Crymes' presence on campus has helped to relieve all the pressures and anxieties that all seniors must endure.

Mr. Crymes has been each student's personal counselor and mentor. He has directed students to achieve their own levels of self-satisfaction and personal development. His devotion to his profession has been accented by his personal and effective contact with those students who have come in search of his help.

Mr. John Oakley

1965 Offers A Note Of Appreciation

Throughout his years at Vista High School each student chooses his favorite teachers, usually those who take a special, patient interest in their students. One of these individuals is Mr. John Oakley, V. H. S. biology and P. E. teacher. There are many ways that he shows his good will toward his students: his personal interest in them as individuals, the meticulous attention he gives to the subject matter he teaches, his interest in sports and coaching, and his concern for the things and people he likes. This is the type of individual that students remember long after graduation.

Mr. Oakley has the ability to present solid academic subject matter interjected with the right amount of humor. He is intelligent, organized, and very funny, which makes people like him. For example, being a member of Mr. Oakley's class during the insect collecting season is an experience his young proteges seldom forget. Those memorable and explicit instructions that "Johnoptera Oakloptus," as he was once classified by an ex-student, gives are deceivingly simple. The experiences and troubles the students have when carrying out the instructions are something else again.

Mr. Oakley's enthusiasm, his interest, and the friendly atmosphere that he creates in the classroom make it easy for the students to become interested in the subject and to get along well with each other. All of these things have made Mr. Oakley a wonderful teacher and friend.

Last December Mr. Oakley jokingly suggested to a "La Revista" staff member that the staff use his picture on the inside cover pages. At the time, these pages were already sent to the printer and the dedication was all that remained. We could think of nothing more appropriate than the dedication for John Oakley.

FACULTY

ACADEMIC

Matthew Korwin

Mr. Korwin is shown here carrying out one of his many time-consuming jobs around campus by supervising a few of the teachers at the semester report card meeting.

Administration Requires Leadership

MR. MATTHEW KORWIN as principal has the responsibility of directing the total high school program. This program includes not only academic studies, but also a variety of activities which are made up of interscholastic athletics, clubs and class organizations. He is in charge of the education of nearly 1200 Vista High students and the supervision of a faculty of fifty teachers. He accomplishes this task with quiet efficiency and intelligence. A graduate of Middlebury College, Mr. Korwin received his M.A. degree at the University of California at Berkeley.

MR. FREEMAN HAUGO has been at Vista High for fifteen years, the last four as Vice Principal. A graduate of Bemidji State College in Minnesota, he also attended San Diego State, Oregon State, and San Jose State Colleges. Charged with difficult problems of discipline, he has done an outstanding job at Vista High School.

Freeman Haugo

MR. RONALD RIEDBERGER is one of the most active members of the staff at Vista High School. Besides his six years of teaching U.S. History and Government, he is also the varsity basketball coach. As A.S.B. advisor, he supervises all the activities of the student body and is present at each A.S.B. meeting. Mr. Riedberger received his B.A. degree at Concordia College, Minnesota.

Ronald Riedberger

MRS. PEGGY ROUSE, who previously worked in the District Office, is now at Vista High School doing a fine job as Mr. Korwin's secretary. She has the difficult task of handling text books, transcripts, and other office business.

This is **MRS. ELENOR DAVISON'S** second year at Vista High, and she is continuing an outstanding job with the hectic duties of attendance clerk.

Vista High is fortunate to have **MRS. MARY KEELING** this year as the receptionist secretary in the front office. Students have enjoyed associating with such a friendly person.

Office Staff Works Hard

Office practice is one of the most tedious student jobs on campus. These ambitious volunteers spent their time filing, typing, and marking absentees. In addition to these kinds of assignments, students must also rush a number of call slips to the far ends of the campus and then face the icy glare of a teacher who never seems to enjoy the interruption of his class.

The school board consists of publicly-elected laymen who set the policy of the school district. The members first interpret the school to the public and then guide the administration in carrying out the public's wishes. Their duty is to pass on the budget, approve textbooks, and conduct other business. The school board members are (left to right): Mr. John Collins, Mrs. Gail Jobe, Mr. Tony Duran, Mr. Lawrence Thornburg. (SECOND ROW) Mr. Joe Harvey, Business Manager; Mr. Darrell A. Marker, Mr. William P. Schlechte, Superintendent; and Dr. Paul Bolie, Assistant Superintendent.

Lay Leaders Make Policy

The Office Practice girls for this year are pictured below: They are Priscilla Juarez, Donna West, Kim Knuppel, Helen Abbott, Beverly Davis, Lynn Gredig, Anna Guidone, Terri Thomas, Linda Terry, Susan Hessinger, Espe Lomeli, Sandy Duncan, Susie Ragsdale, Pat Little, and Diane Redfern.

Jerry Rogers skillfully cuts out paper dolls while Mrs. Morrison aids Doug Waples in another project in Art. I.

MRS. ELAINE MORRISON attended Nazareth College of Rochester in New York and received her B.A. degree in Fine Arts there. This is her first year at Vista High.

Art Is For The Creative

The art program at Vista High is based on the rudimentary principles of all high quality of art which include line, design, composition, color, form, and texture. The students gain an appreciation and understanding of art through basic experience in all standard media. Simple drawing, painting, and designing compositions are the basic class projects which successively become more difficult.

Although employed in the Vista Unified School District for eleven years, this is **MRS. ELENOR M. GILLESPIE'S** first year at Vista High. She received her B.A. degree in Fine Arts at San Diego State.

Mrs. Gillespie gives Cheryl McNaughtan some artistic tips during a painting session in Art II.

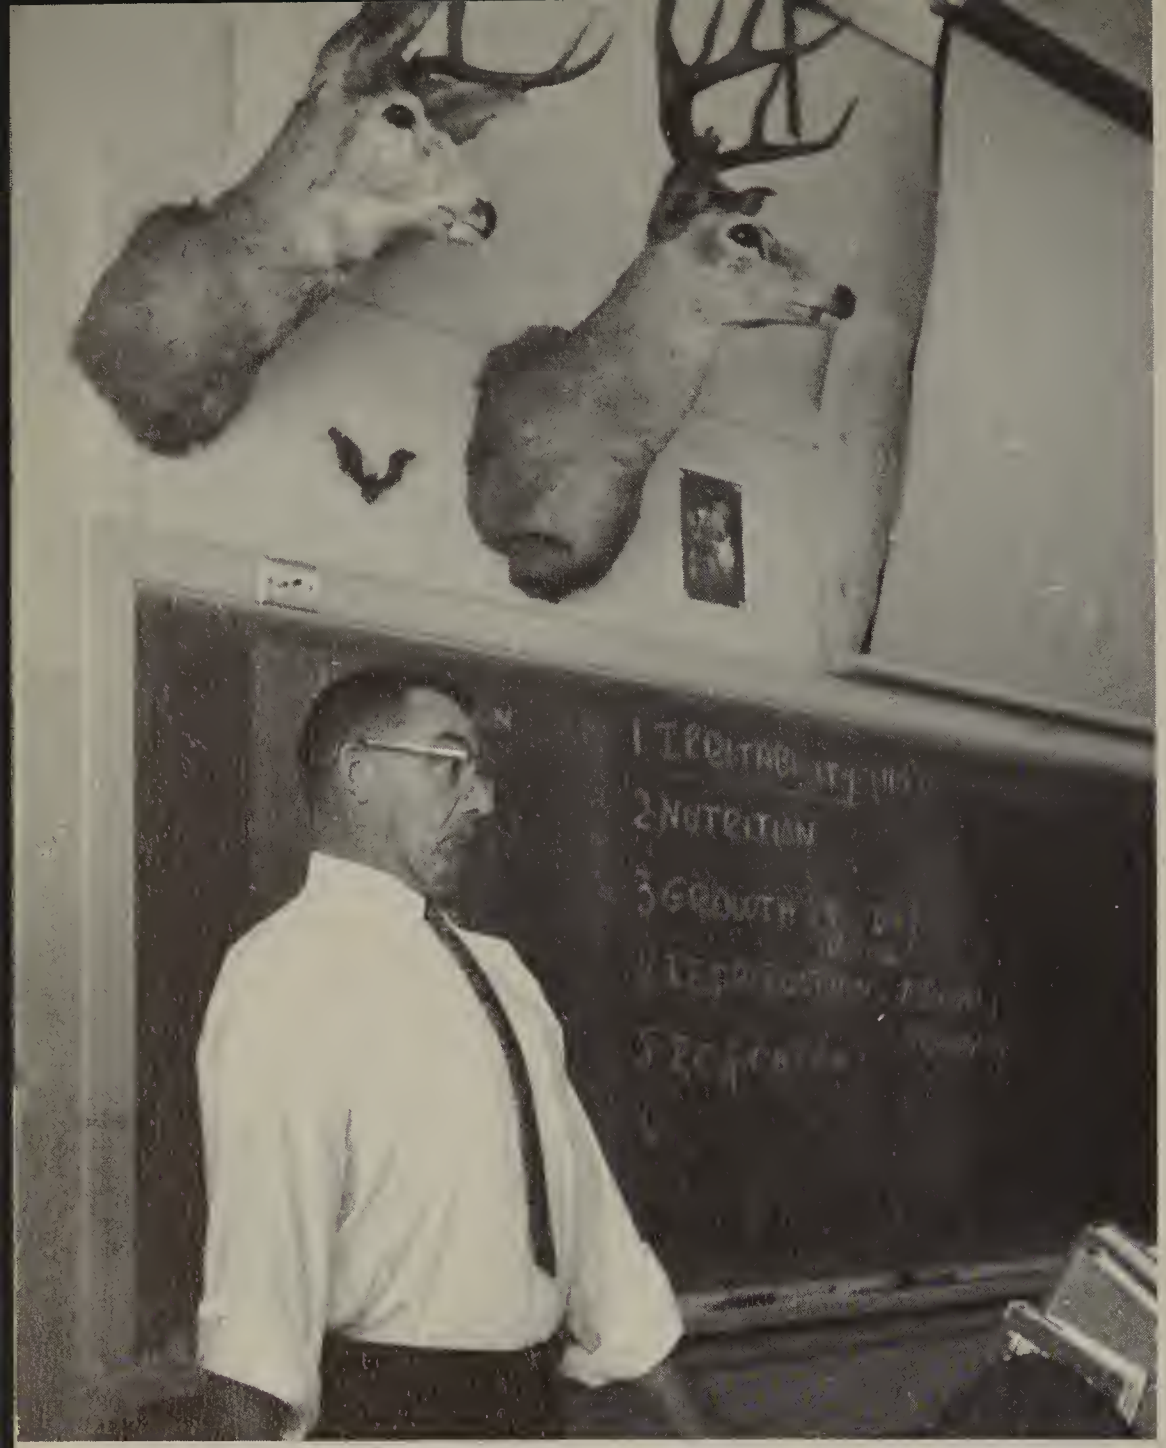

One of the first mysteries man solved in his fight to build a higher civilization was how to make a fire. This group, consisting of Steve Wozniak, Jimmy Ochs, Sharon Runyon, Mr. Olson, Karen Douglass, and Karen Toth aren't prehistoric men, but they are learning the many important basic facts about fire.

Young Chemists Study Hard

For the Vista High School student, the challenge of chemistry leads him to a new perspective of the construction of matter and the earth around him. Chemistry has a practical use aside from the vocational aspects as it subjects the student to the scientific method and the development of analytical reasoning. The chemistry student studies the structure of different elements, how the elements react, atomic energy, nutrition, and industrial processes.

This is **MR. GARY OLSON'S** first year at Vista High. He not only teaches chemistry but also counsels the sophomore class. After attending Bemidji State College in Minnesota, he received his B.S. degree and later, his M.A. at the University of North Dakota.

MR. EUGENE MIELCAREK, who has taught Biology for fourteen years at V.H.S., received his B.S. degree at West Texas State and his M.A. degree at the University of Miami.

One of Vista High's most popular teachers is Mr. Eugene Mielcarek who throws himself into his work with wild abandon. Here he strikes a fine pose as a nature faker, and students notice the resemblance to his friends on the wall.

Science Courses Are

MR. JOHN OAKLEY is teaching Biology, Basic Science and P.E. for the eleventh year at Vista High School. He received his B.A. degree at Oregon State and his M.A. at the University of Southern California.

In Biology the student is introduced to the broad field of natural history. He learns the basic skills dealing with the techniques of dissection, microscopy, and classification. A large block of time is devoted to the study of ecology and the relationships of plants and animals. Highlights of the course are the microscopic investigations of one-celled organisms and dissections of the earthworm, grasshopper, and frog.

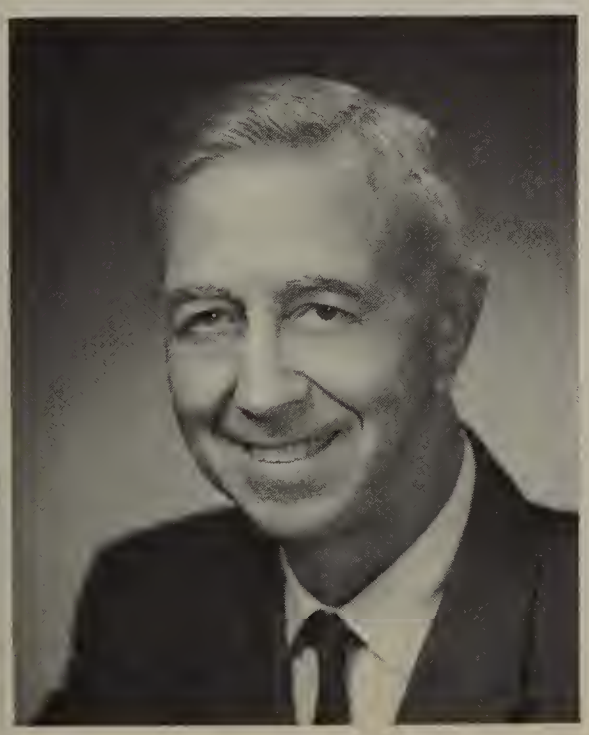

Seniors Rick Kidder and Art Canning play the role of novice physicists as they puzzle their way through an experiment in Mr. Steward's physics class.

Physics plays an important role in the development of the world today. Physics is called the basic science, because all other sciences make use of the principles of physics in their own specialized fields. Physics includes the study of matter and energy and can be divided into several major branches such as: mechanics, heat, light, sound, magnetism, electricity, and atomic physics.

A Challenge

MR. WILLARD STEWARD, who teaches Physics and Math, received his B.A. at the California Institute of Technology and his M.A. at the University of Rochester. He has taught at Vista High for twenty years.

MR. CLARK WASSON, who teaches General Business, Typing, and P.E., received his B.A. degree at Northwestern State Teachers College in Oklahoma and has been with Vista High for three years.

MRS. CONNIE LAWSON taught at Vista High two years ago, skipped a year, and is now back once again teaching General Business and Typing I. She received her B.A. at Duguesne University, Pittsburgh.

Vista High's two year course in Typing teaches students the mechanics of touch typewriting as well as the care and maintenance of typewriters. Accuracy is stressed over speed. An essential course for aspiring secretaries, shorthand is an intensive subject with daily homework requiring hours of practice. The heart of every business, bookkeeping is a subject requiring meticulous accuracy. Journals, statements of assets and liabilities, and balanced books are the stock in trade for the bookkeeper.

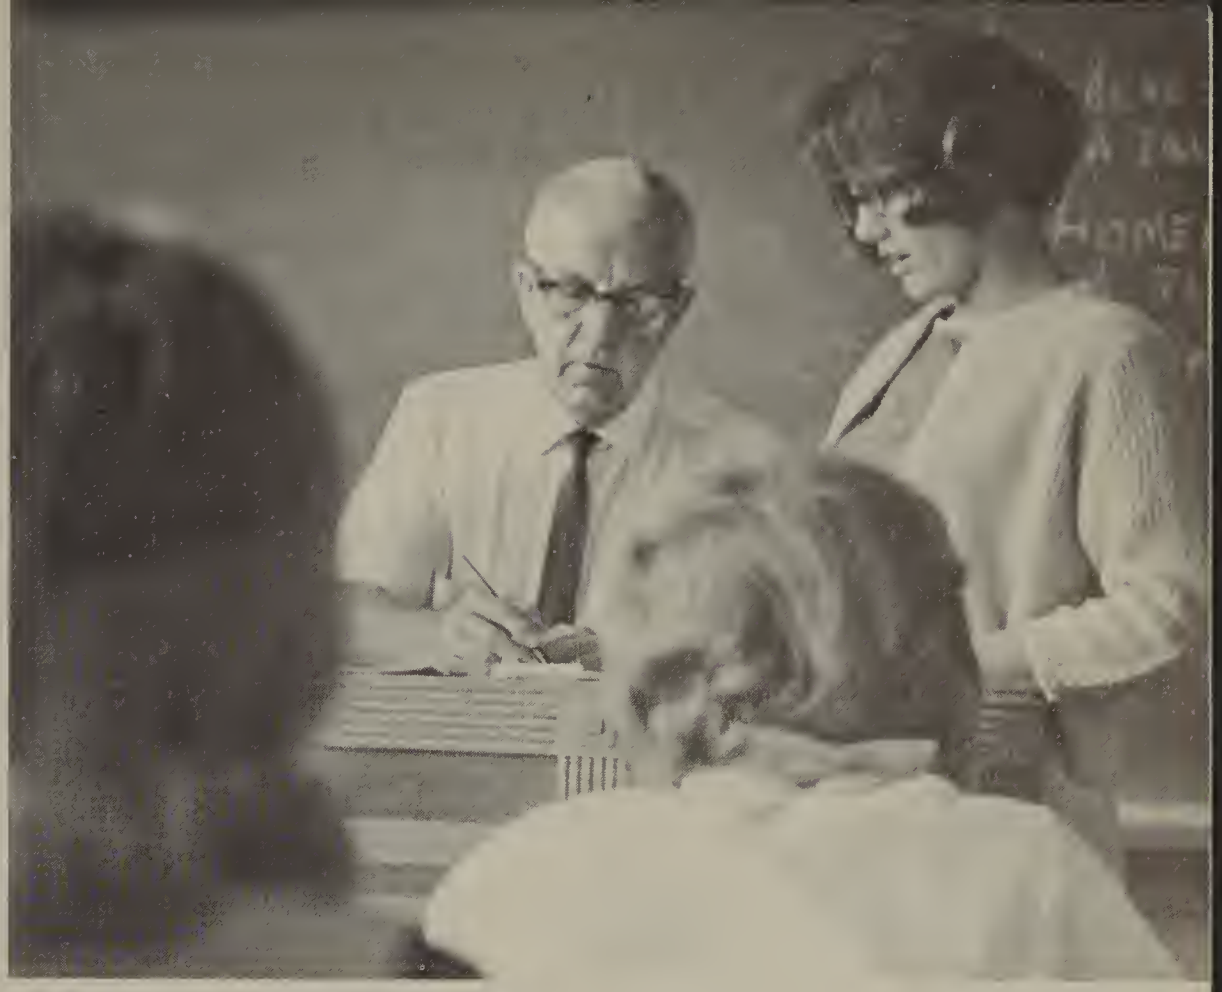

The Future Belongs To

This class of approximately two hundred nimble fingers rapidly speeds over typing keys during drills under Mrs. Lawson's direction.

MR. HERBERT HURD has been teaching Office Practice, Typing, and Shorthand here for twelve years. He received his B.S. degree at the University of Minnesota.

With a bewildered look, Nancy Downs watches as Mr. Hurd shows her the correct shorthand techniques.

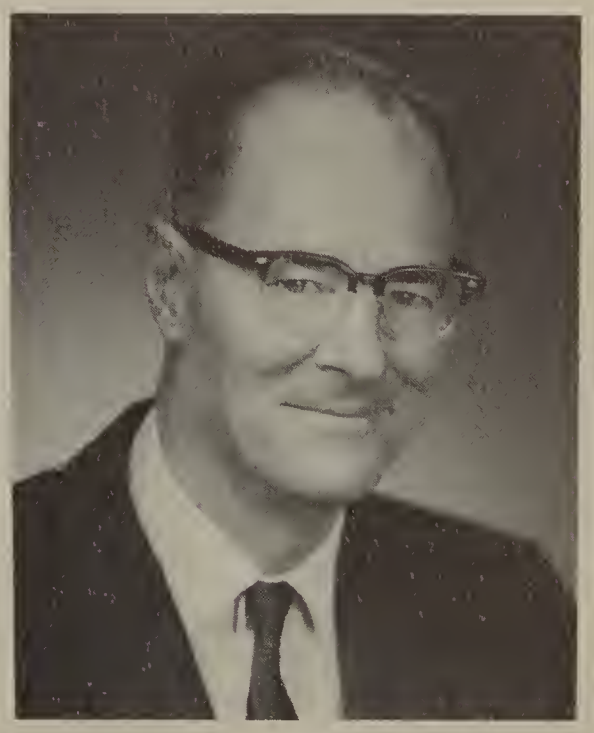

Those Who Prepare For It

MRS. MILDRED HILL teaches Clerical Record Keeping and Typing at V.H.S. and has been for four years. Attending Colorado State College, she received her B.A. and M.A. degrees.

Best Wishes
Mildred S Hill

MR. BERT WHEELER received his B.A. degree at UCLA and his M.A. at USC. He has been at Vista for twenty-eight years teaching Bookkeeping and Typing.

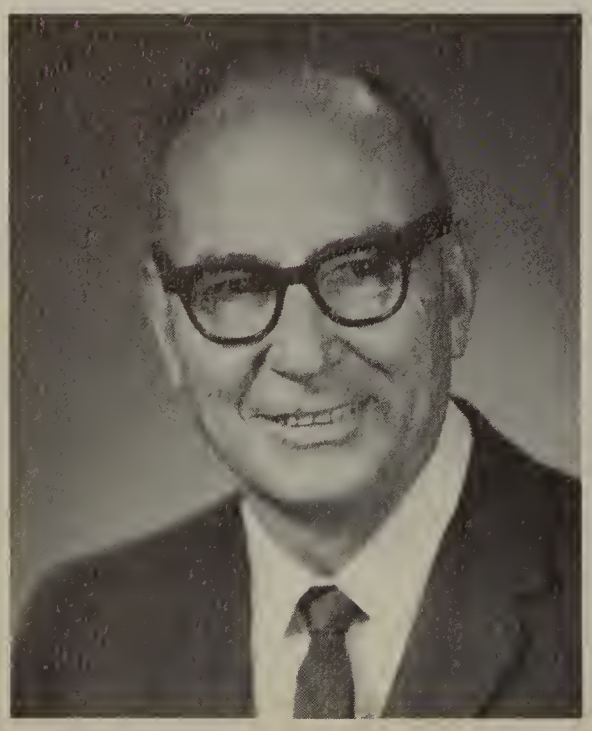

Dee Ree Carroll pouts in anger as she hears Mr. Morrison announce that the class must outline another chapter in the history book, because the class made fun of Mr. Morrison as he posed for a yearbook picture.

MR. RONALD REIDBERGER attended Concordia College in Minnesota where he received his B.A. and M.A. degrees. He has been at V.H.S. for six years teaching U.S. History and Government and also doing a great job as A.S.B. Advisor.

U. S. History is a course required of all Juniors. It provides a background in the history of the United States from the time of the first-day colonists down to modern times. Besides wars and important dates, current events are discussed often in class.

Current Events Come Alive

MR. ERNEST FIELD received a B.A. degree in Economics and in Social Studies at San Diego State. This is his third year at V.H.S. as a U.S. and World History teacher.

MR. DON MORRISON has been football coach and U.S. History teacher at V.H.S. for two years. He received his B.A. and M.A. degrees at Whittier College.

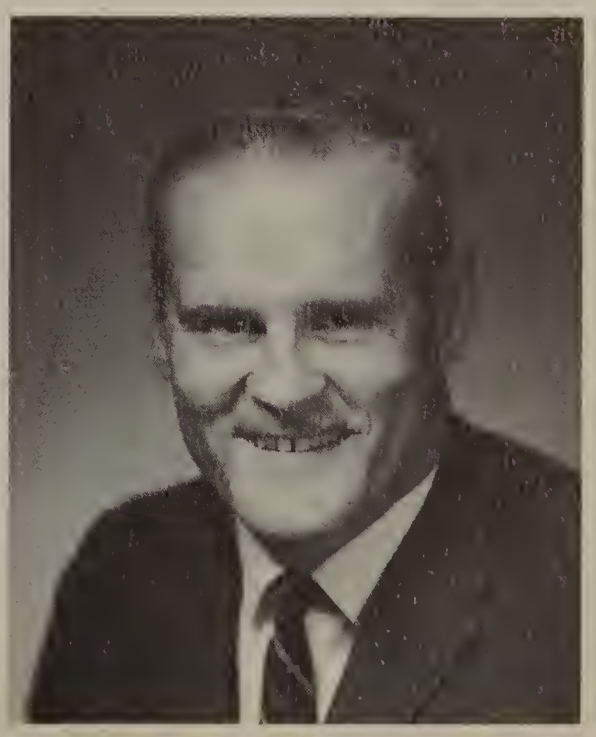

Students in Mr. Hubbard's history class work diligently to finish their homework before the final bell.

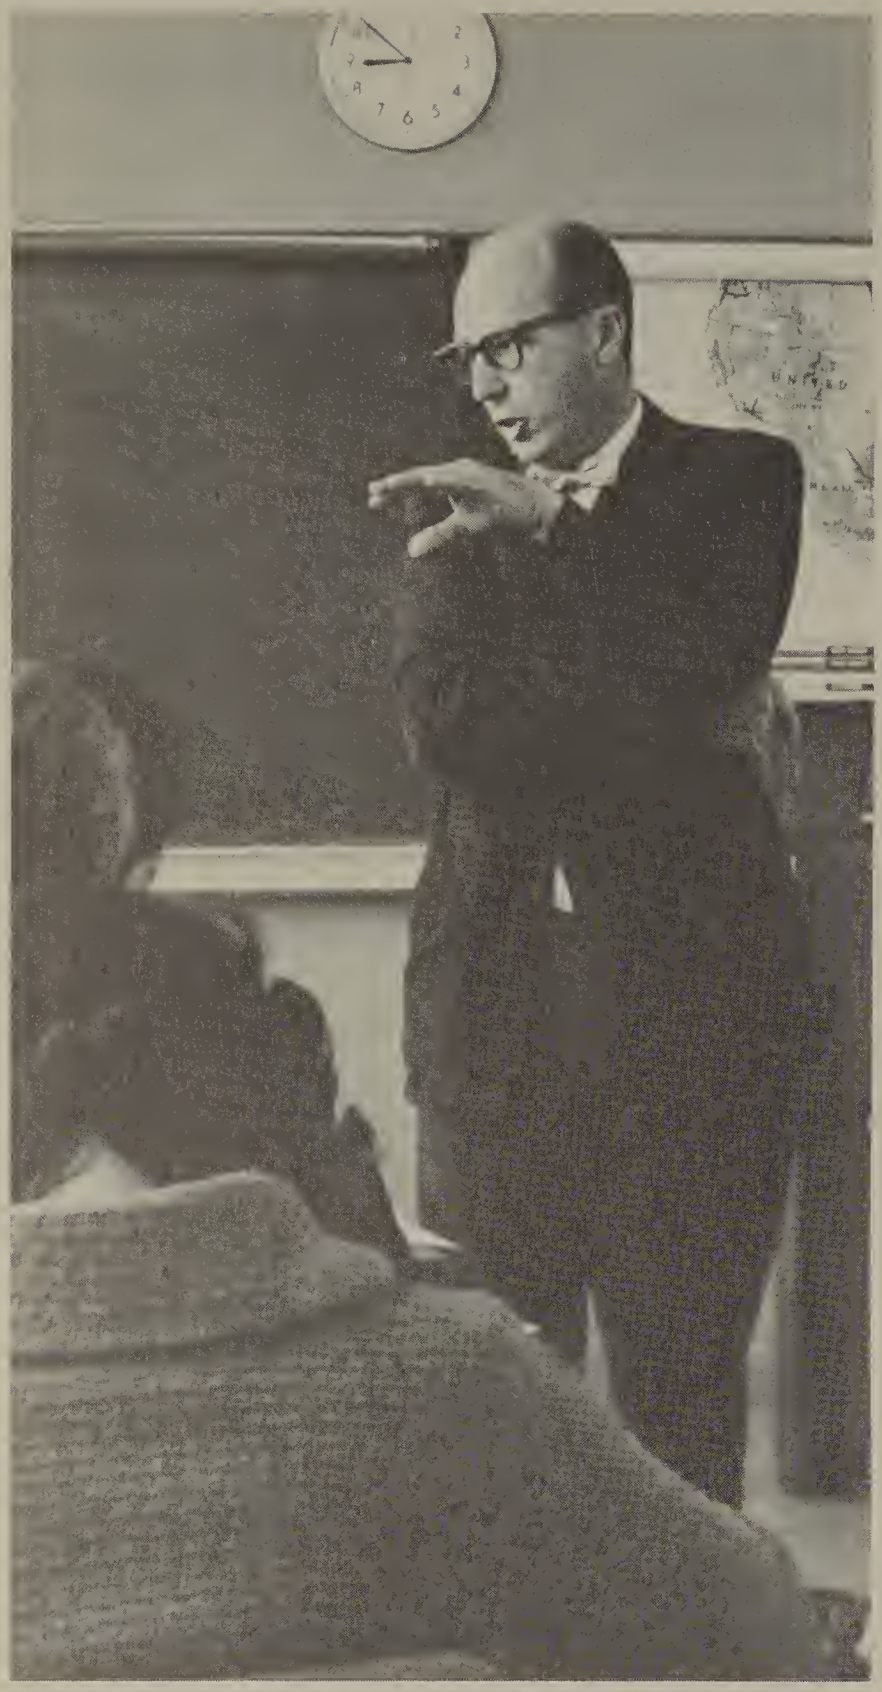

In History Classes

MR. WACO HILL has been at V.H.S. for ten years teaching World History, Metal Shop, and Mechanical Drawing. He attended Colorado State University where he received his B.A. and M.A. degrees.

For nine years **MR. DON HUBBARD** has been at V.H.S. as World History teacher and swimming coach. He received his B.A. degree from U.C.L.A.

"J-U-S-T-I-C-E," spells out Mr. Meyer during a session of note taking in one of his Government classes.

MR. RICHMOND RAMAGE received his B.A. degree at Augustana College in Rock Island, Illinois, and his M.A. at the University of Minnesota. He has been teaching Government and World History at Vista High for thirteen years.

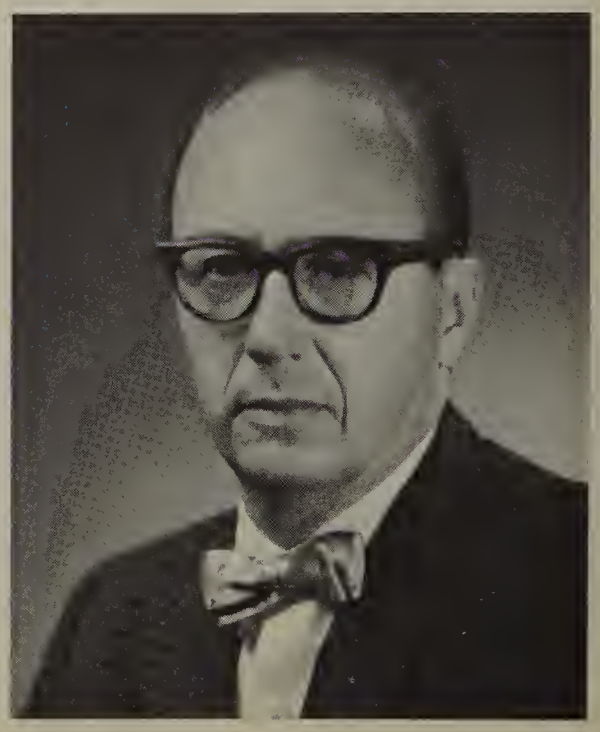

A detailed study of the American Constitution and United States government keeps the seniors alert first semester. A comprehensive look at Soviet Communism as well as California State and local government follows, which gives the student an awareness of his rights and responsibilities as a citizen of the golden state.

They Aid Us In

MR. JAMES D. DOWNS teaches U.S. History, Government, and Journalism. A faculty member for eight years, he received his B.A. and M.A. degrees at San Jose State.

MR. DONALD C. MEYER, who received his B.A. at Wisconsin State and his M.A. at the University of Wisconsin, has been teaching U.S. History and Government here for nine years.

Jimmy Ochs and Gary Carradine chuckle over a funny piece of literature in one of Mr. Kintz's English classes, while Bill Mc Arthur (right) seems to be taking it all very seriously.

Our Quest For Knowledge

MR. ROBERT KINTZ has been teaching English at Vista High for seventeen years. He, as a graduate of the University of California, Berkeley, received his B.A. degree there and his M.A. at San Diego State.

This is **MRS. GUENDOLYN MILHALKA'S** first year at Vista High teaching eleventh and twelfth grade English. She received her B.A. degree at San Diego State.

This is **MRS. ROSE BEARER'S** fourth year at V.H.S. teaching sophomore and junior English. She received her B.S. degree at Ithaca College, New York.

MR. ROBERT OLSON has been teaching English 12 and World Literature for eleven years. He received his B.A. and M.A. degrees at Arizona State University.

The objectives of English are to provide the student with a sufficient background in grammar, literature, creative writing, composition, and vocabulary. In the junior year a study of American literature is included in the curriculum. Also, academic students are required to write a term paper on an American author in the eleventh grade, while seniors do a research paper on a British author.

A Mastery

Teaching English 10 and 11 and Newspaper Journalism, **MR. WILLIAM O'BRIEN** has been at V.H.S. for five years. He attended St. John's University, where he received his B.A. degree, and the University of Oregon, where he received his M.A. degree.

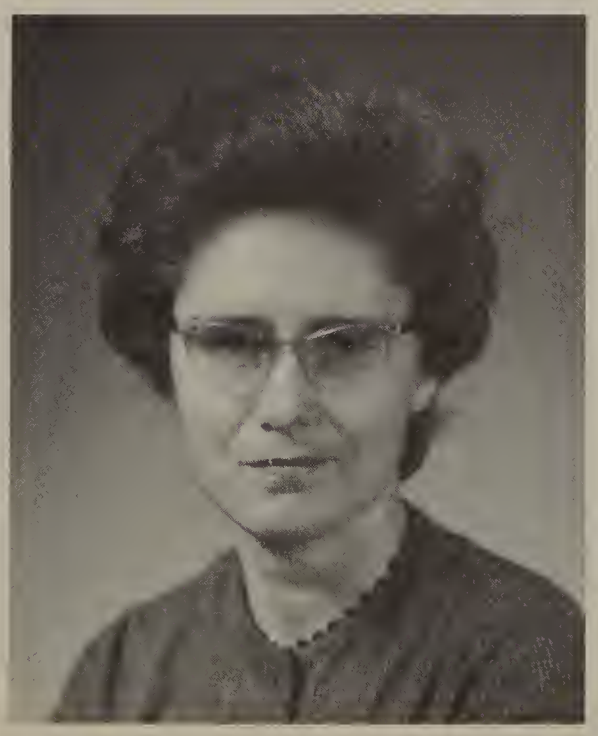

This is **MR. JOHN DOLOLOU'S** first year at V.H.S. as a SPECIAL EDUCATION teacher. He received his B.A. degree at Wayne State in Michigan.

Many things are covered in English classes. Here students listen to Mrs. Bearer expound the fine points of English grammar. Left to right they are: Gilbert Rojas, Dave Wilkerson, Doug Waples, Margarita Soto, and Bonnie Sanders.

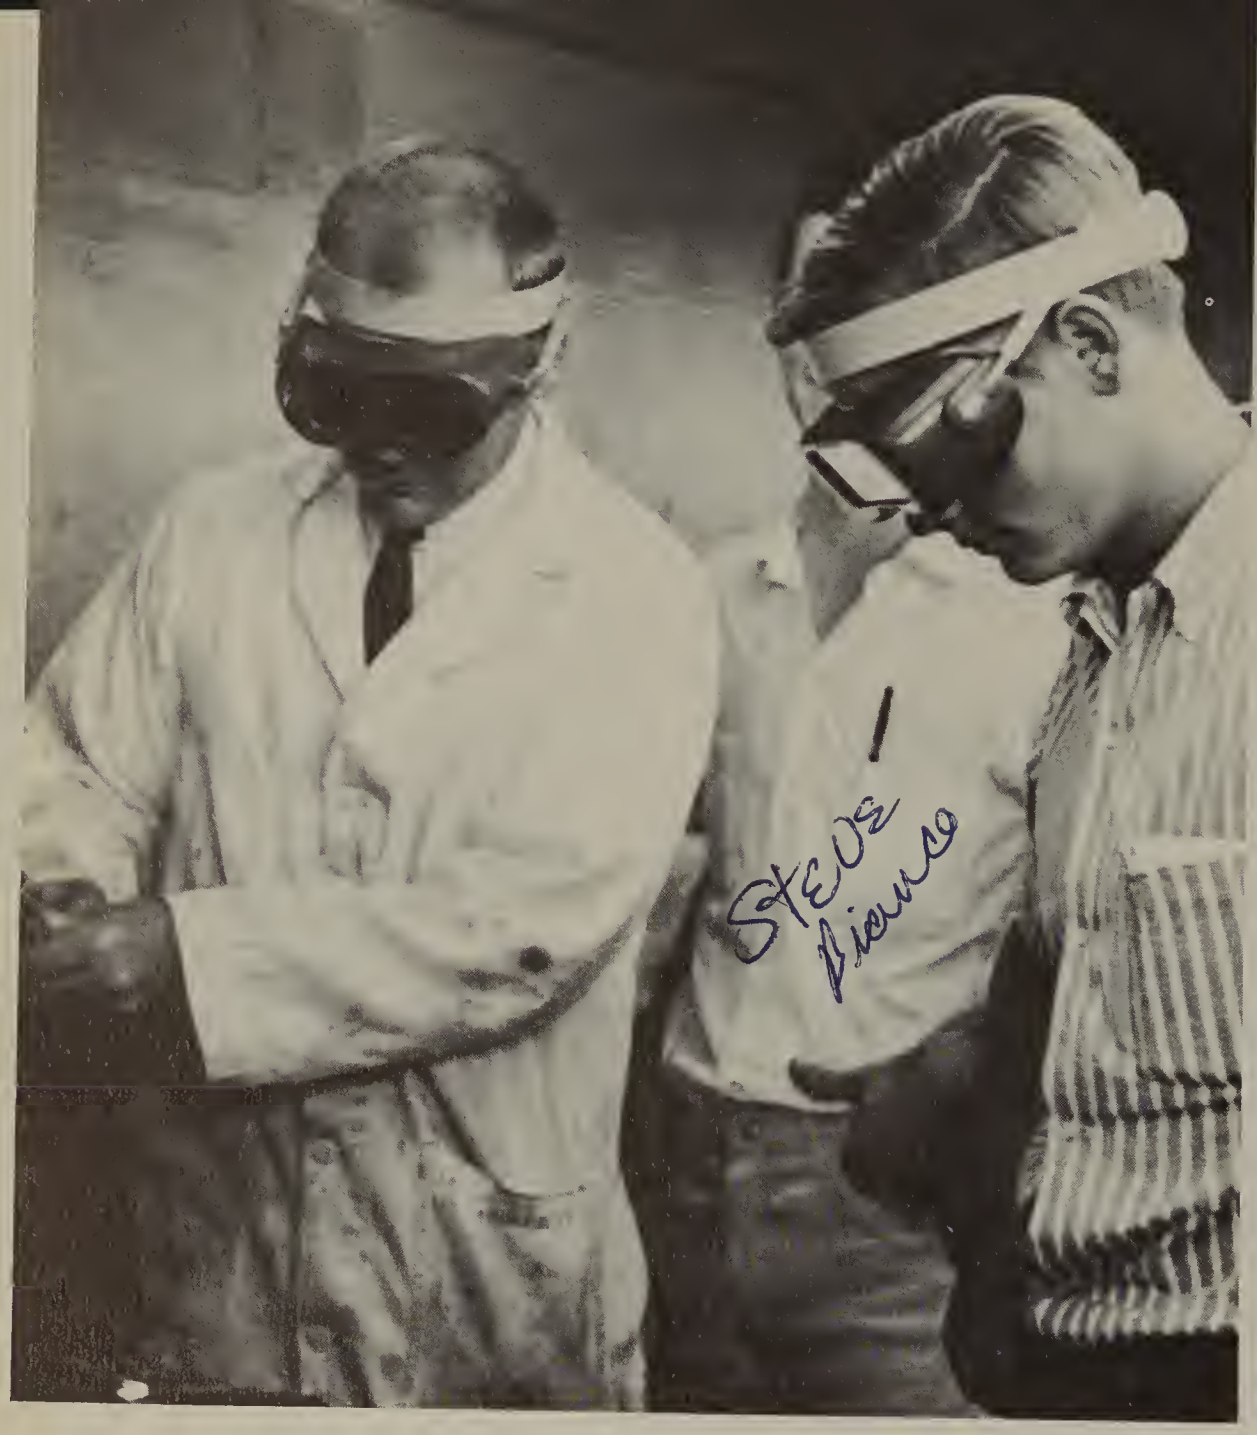

Of English Is Important

MISS LO ANN DE PUY, who received her B.A. and M.A. degrees at the University of Denver, is teaching sophomore and junior English for her second year at V.H.S.

MR. CARTER BROWN has been teaching at V.H.S. for eight years and in Vista for eleven years. He received his B. of Mus. degree at Manchester College and his M.A. degree at Indiana University and is now teaching English 10.

"Okay, let's blast 'em!" says Mr. Landis as he sets up a welding project in Metal Shop for Stuart Friend.

This is **MR. HENRY LANDIS'** first year at V.H.S. teaching Metal Shop. He received his B.A. degree in his home town at San Diego State.

They Teach Us That We

MR. JAMES HOLLAND received his B.A. and M.A. degrees at Western Reserve in Cleveland, Ohio. He has been teaching Mechanical Drawing for the last six years at Vista High and prior to that he taught seven years of art.

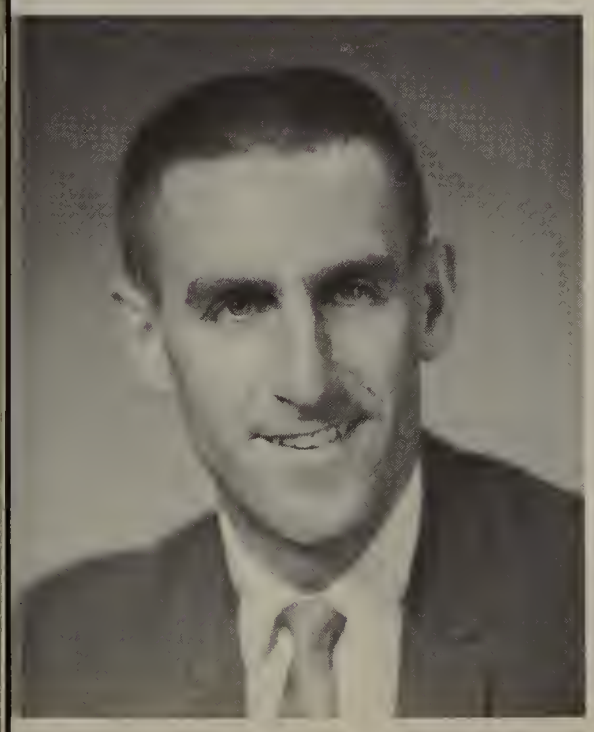

The Metal Shop program at Vista High consists of bench metal, machine shop arc and oxy-acetylene welding, casting and wrought iron work. This course prepares boys for careers that involve the handling and care of machinery.

Students in Mechanical Drawing classes learn the skills and procedures of drafting. As they work on projects, they become skilled in a subject that will enable some of them later to become engineers.

"Some day I'll be a great dentist!" says John Balderrama while drilling on a wood shop project.

Learn Best By Doing

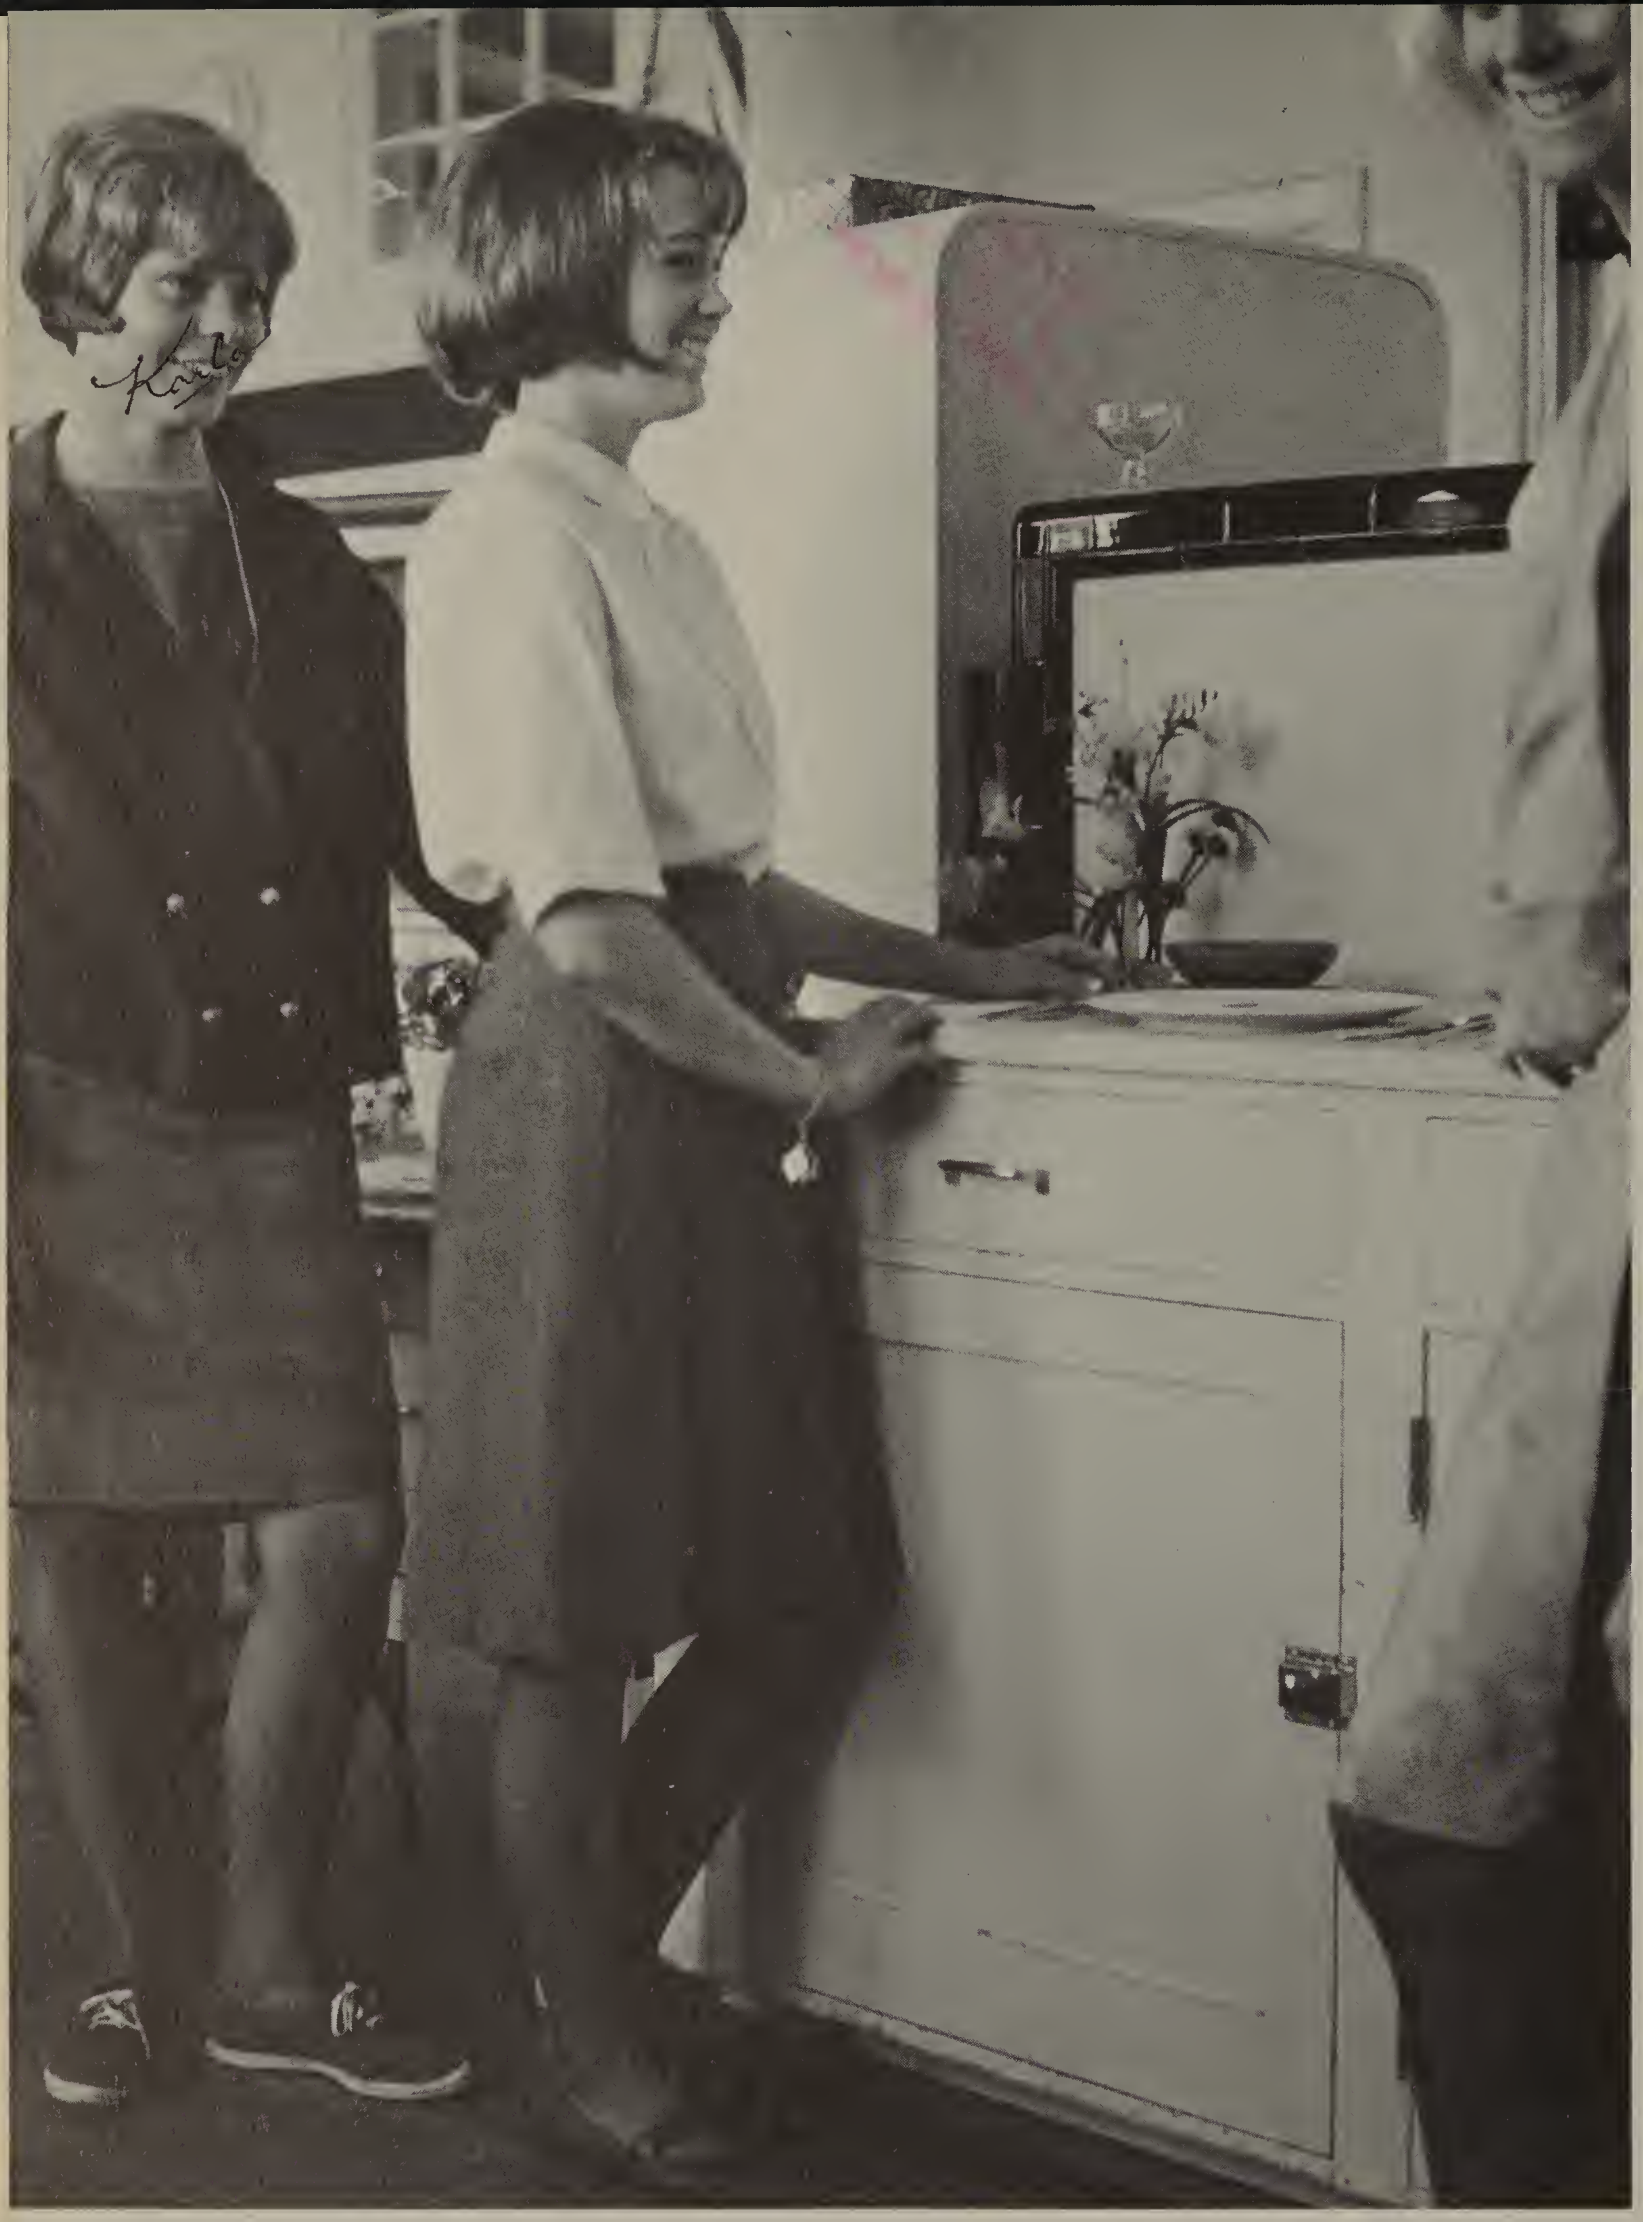

MR. GARY RATH, who received his B.S. degree at the University of North Dakota, has been teaching wood shop at V.H.S. for six years.

Wood shop plays an important part in the industrial arts program. This course deals with bench work, cabinet making, joinery, lathe work, pattern making, finishing and machine wood work. The boys at V.H.S. have produced many fine projects as a result of this course.

Gabe Sanchez listens as Mr. Rath explains a project. Gabe won the Kiwanis award for excelling in woodwork.

"Does the fork go on the right or the left of the plate?" Shari Whitehead looks a little doubtful during a table setting demonstration in Home Economics, but Karla Jane seems perfectly confident that she has the art mastered.

When studying Home Economics, the girls enjoy such study units as cooking, family relations, child development, decorating, and sewing. Cooking covers the making of basic home foods. Senior Homemaking also includes foreign cookery. The family relations section covers dating, marriage, and some home nursing, besides the basic information.

Sewing is another major part of Homemaking, in which the girls study basic sewing principles and Seniors learn tailoring. Decorating includes flower arrangements, furniture refinishing and sewing drapes. Seniors started a new section this year, appliances, and studied cost and quality of appliances.

If a girl knows how to sew, she will be able to save herself a great deal of money in the future. It does take talent and a lot of practice to make a home-made garment look like an expensive one bought from a store. Mary Wright works on her sewing project in Home Economics.

Practice Makes Perfect

This is **MRS. HELEN DILLON'S** fourth year at Vista High School teaching Home Economics. She attended Texas University for Women at Denton, Texas, where she received her B.S. degree.

MRS. SHERRI DOIG, who teaches Senior Homemaking in her first year at Vista High School, received her B.S. degree in Home Economics at Montana State University.

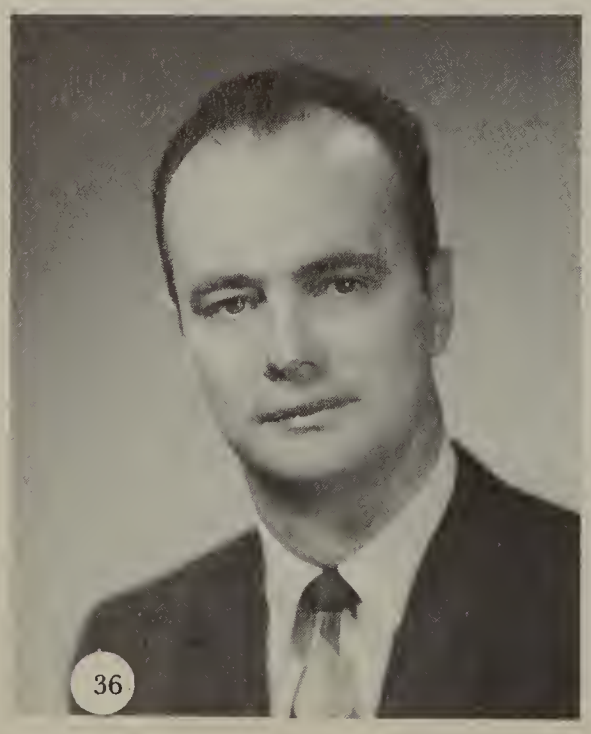

"Uno, dos, tres . . . " Mrs. Dennett repeats the Spanish numbers, as students go through the oral drill.

In order to train young Americans to communicate with people of other countries and for a better international understanding, V.H.S. offers a variety of foreign languages. With many well-qualified instructors, students can learn to speak German, Russian, Latin, or Spanish fluently.

Language Widens

Buena suerte
Roch Kelly

MR. ROCH KELLY has been teaching Spanish for nine years at V.H.S. He received his B.A. degree at Loyola University in Chicago, and his M.A. degree at the University of Mexico.

MRS. ANNA DENNETT received her B.A. degree at Mercer University, Georgia, and her M.A. degree at Florida State University. She is now teaching Spanish in her second year at V.H.S.

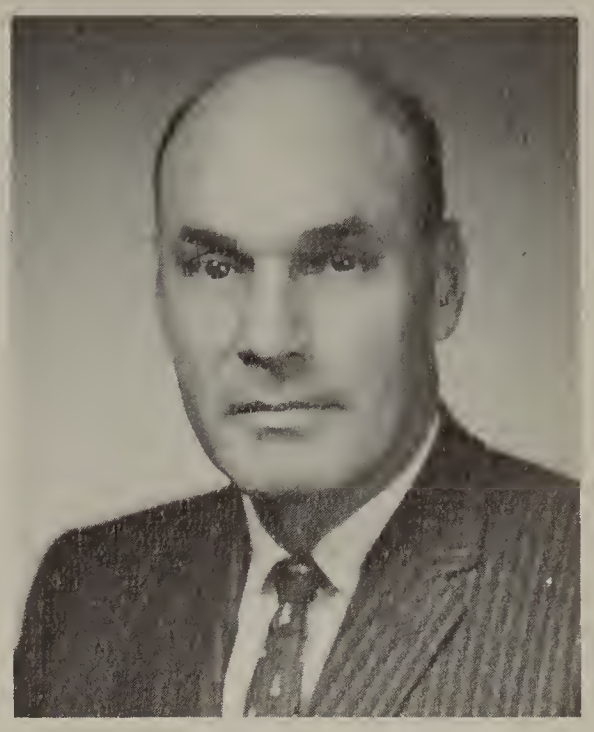

This is **MR. PETER CHACON'S** first year at V.H.S. teaching Spanish, although he has been in the Vista schools for eleven years. He received both his B.S. and M.A. degrees at San Diego State.

MISS ELVIRA MARY GRUBER has been at V.H.S. four years teaching English 10 and German. She attended the Catholic University of America in Washington D.C. where she received her B.A. degree.

For eight years **MR. JAMES MOREA** has been teaching Russian and Latin at V.H.S. He attended the Niagara University, New York, where he received his B.A. and M.A. degrees.

Our World

"Do the Russians have as much trouble with this language as we do?" wonder students taking Russian in the language lab.

"Murder" is not the name of this game. It's a typical game of field hockey played for a period of six weeks in the Girls P.E. classes. The history of the game is presented to the girls and is followed by a detailed study of rules. Then comes week after week of detailed practice drills until the game is finally mastered. The smiling faces of the girls shown here, Bev Draves, Sherry McCarthy, Phyllis Walker, and Dianne Lauders, display the great enjoyment of playing the game after much effort.

Physical Fitness Is Important

MRS. TRACY JEFFREY received her B.A. degree at San Diego State College and has been teaching Girls P.E. at Vista High School for two years.

MRS. DENISE PICCHIOTTINO, head of the Girls P.E. department, received her B.A. degree at George Williams College in Chicago and has taught at VHS for four years.

MRS. JAN NAPOLITAN, who taught Girls P.E. in her first year at VHS received her B.S. degree at the University of Arizona.

This is **MR. PEPPER LYSAKER'S** first year at VHS teaching Boys P.E. and Basic Science. He graduated from the University of North Dakota, where he received his B.S. degree.

This is **MR. PAT MONGOVEN'S** ninth year at VHS. He teaches Boys P.E. and received his B.A. degree at Moorehead State College, Minnesota.

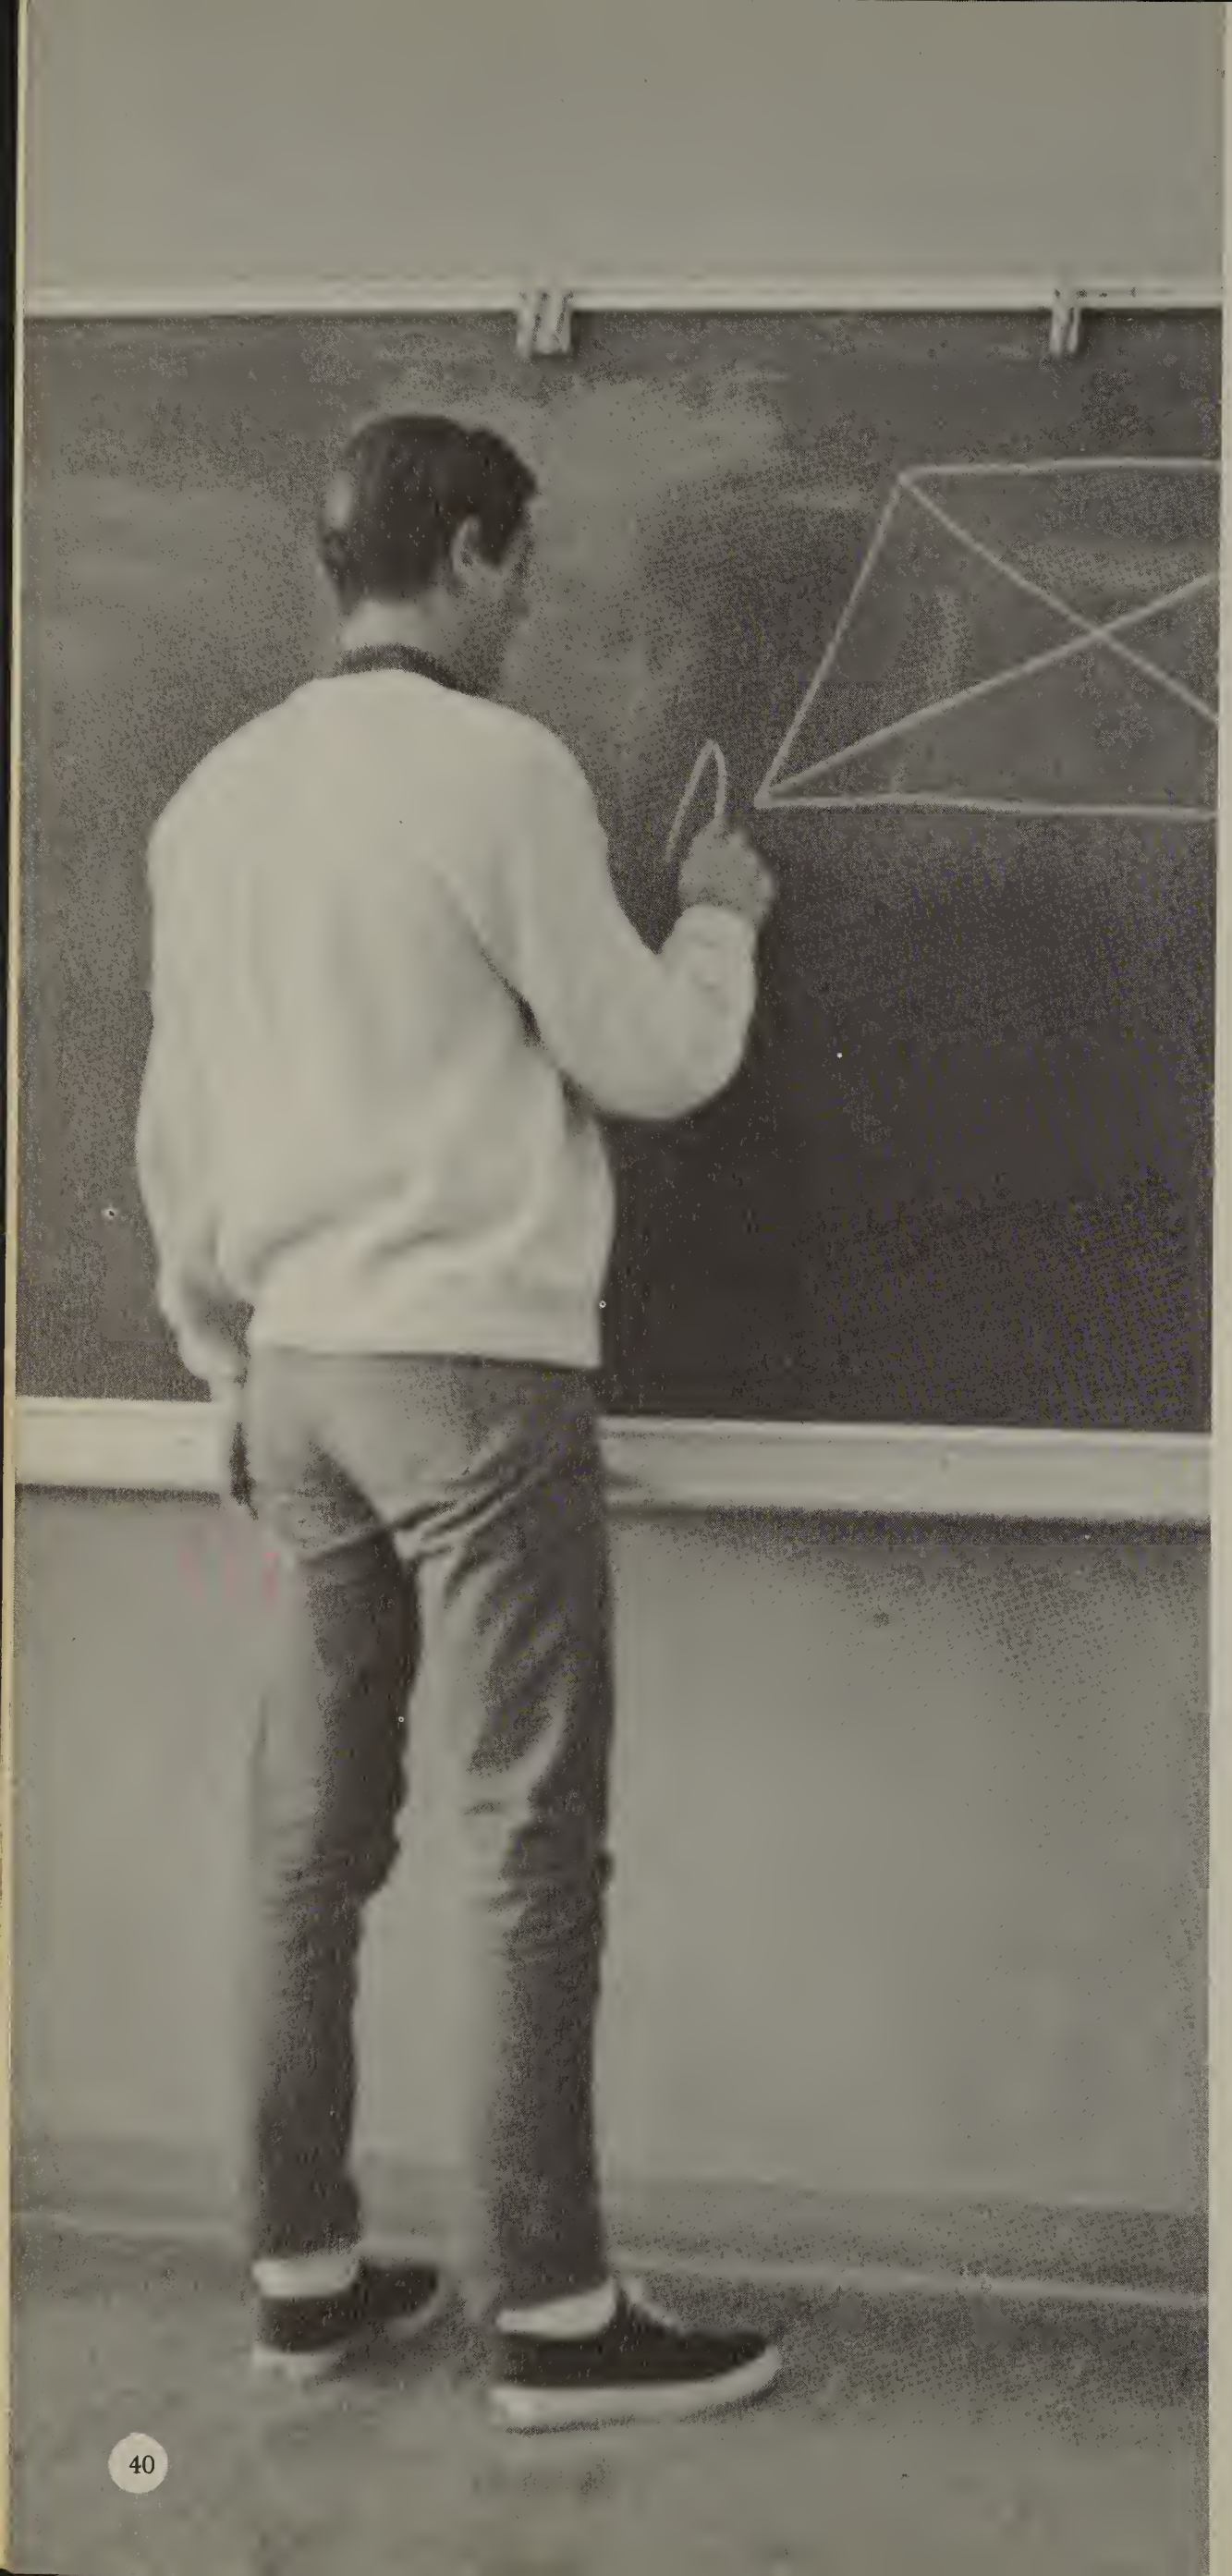

Best Wishes!
Pat Mongoven

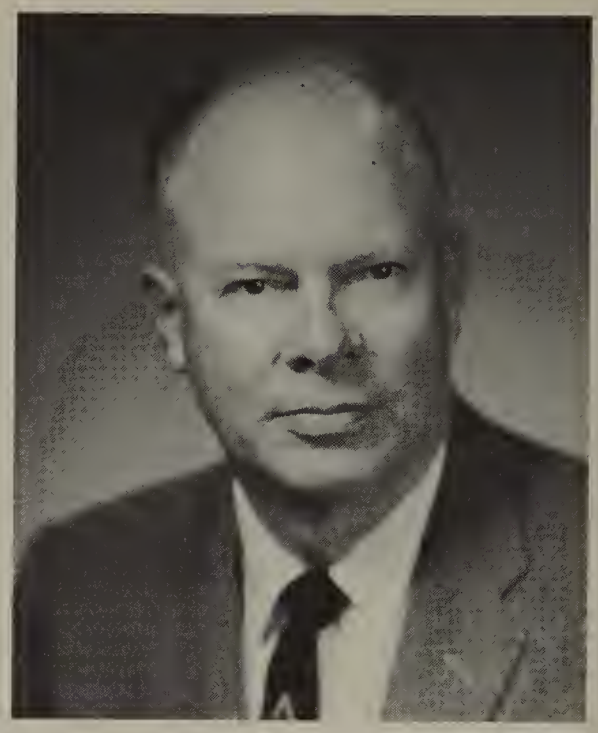

The Battle For Fitness

Bruises, sweat, and dry throats are typical results of an hour in P.E. classes each day. Physical Education not only provides much physical and mental stress and strain, but for many, an hour of enjoyable sports. Not only the everyday sports—football, softball, and basketball—are provided but also, as of this year, many students have been enthused with the introduction of field hockey and modern dancing.

"Why can't Coach Morrison pick up his own jelly-beans?" mumbles Chuck Watkins. "Why does he drop them in the first place?" retorts Mike Melvin.

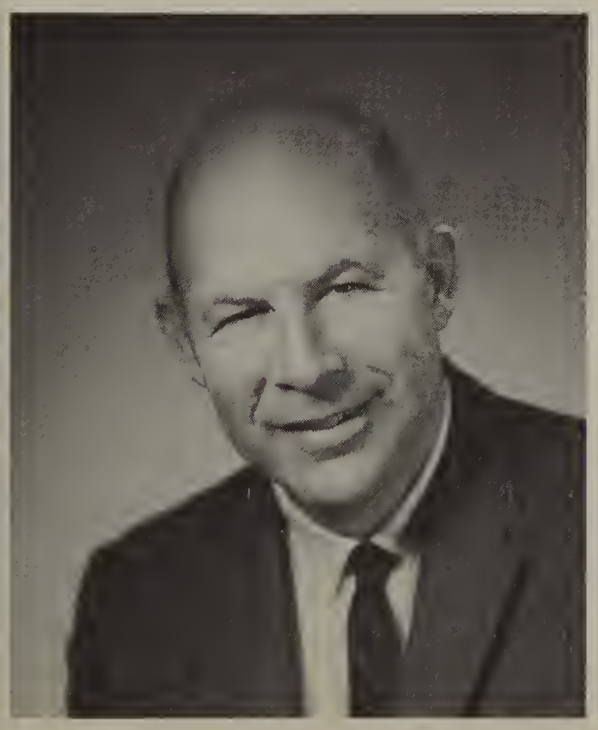

For fifteen years **MR. ELMER HARRITT** has been teaching Algebra I and Plane Geometry at V.H.S. He received both his B.A. and M.A. degrees at the University of Springfield, Mass.

Math Courses

Auden Morken looks as though he is sneaking a relaxing game of tic-tac-toe in Mr. Harritt's geometry class before going back to cope with the complexities of the parallelogram.

The anxiety that comes with taking one of Mr. Kidder's difficult Trigonometry tests is well known. Here Bob Sathrum is trying his best to earn a good grade.

Challenge The Bright Students

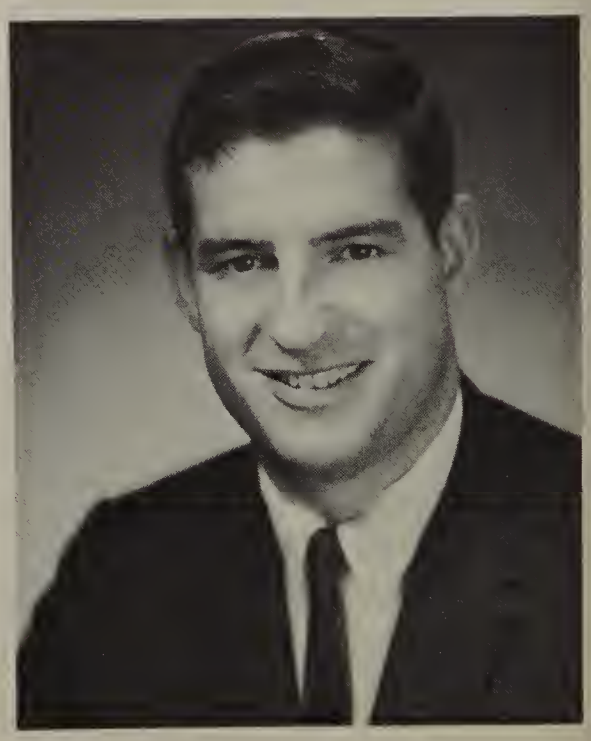

MR. ROBERT KIDDER, who received both his B.A. and M.Ed. degree at the University of Washington, has been teaching at V.H.S. for nine years.

The students at V.H.S. have the opportunity to take several courses in math-----geometry, algebra I and II, trigonometry, and solid geometry. In algebra I and II students study the basic algebra fundamentals plus the study of quadradics, logarethms, slide rule and graphings. Studying geometry, pupils learn a formalized approach to logic. It deals with the relation of lines, angles, solids, and surfaces. The highest math course is trig. solid geometry. This course deals with basic trigonomic functions in relation to other functions and plays an important role in such fields as science, engineering, or physics. VHS also offers for the first time, advanced courses in geometry and algebra I and II.

"Now, wait a minute, you're the one that asked me out!" exclaims Steve Johnston as bewildered Dianne Redfern feels the presence of an unexpected intruder. This is only one of the extremely odd skits going on in the dynamic and fun drama class of Mr. McDonald.

Speech And Drama

The main objective of drama class is to broaden the student's view and stimulate appreciation of good works in plays. During class time they study the history of drama, work on pantomines, and there is also a unit in Movie and T.V. appreciation. The school play is a production made possible not only by the Masquers Club, but also by the hard working drama classes.

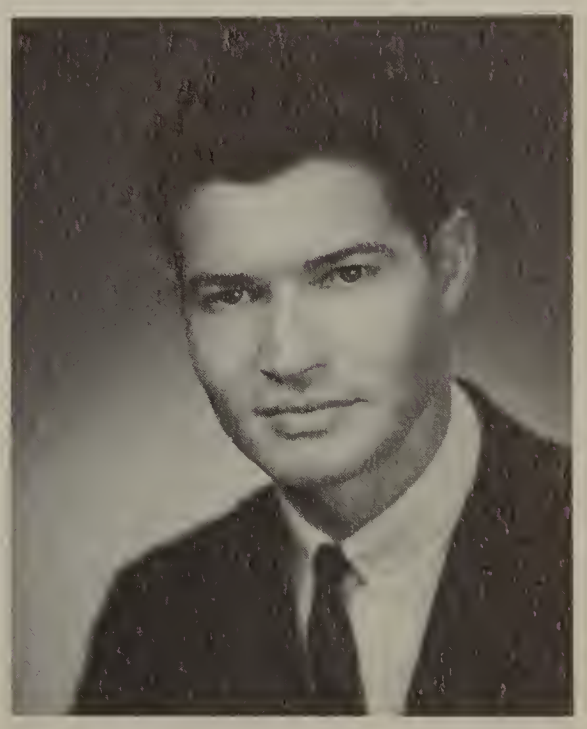

MR. PAT McDONALD, a newcomer to VHS this year, teaches speech and drama. He attended North Dakota State University where he received his B.S. degree.

". . . and then, just as we thought the story would have a happy ending, Prince Charming tripped and broke the glass slipper." Howard Black doesn't seem to be at all dismayed as he relates this woeful tale, possibly because Mr. Garza's Speech class is one of the most enjoyable courses offered at Vista High.

Show Ability

In Speech class students learn how to express themselves before a group. Throughout the year they are involved in various types of speech activities: interpretation, debates, panel discussions and they cover a small portion of drama. This year the Lion's Club held a speech contest in which Chris Sauer, Chris Spencer, and Lynn Gredig entered as Vista High School participants.

This is **MR. TOM GARZA'S** first year at VHS as a Speech and Government teacher. He received his B.S. degree at Texas Western College.

World literature leads students through the doors of fiction and fact. Here, Bill Harrison and John Stevenson are absorbed in their studies during class.

In World Literature students study great literary works from all countries. Masterpieces of each period and nation are given close attention by Mr. Robert Olson, teacher of the class.

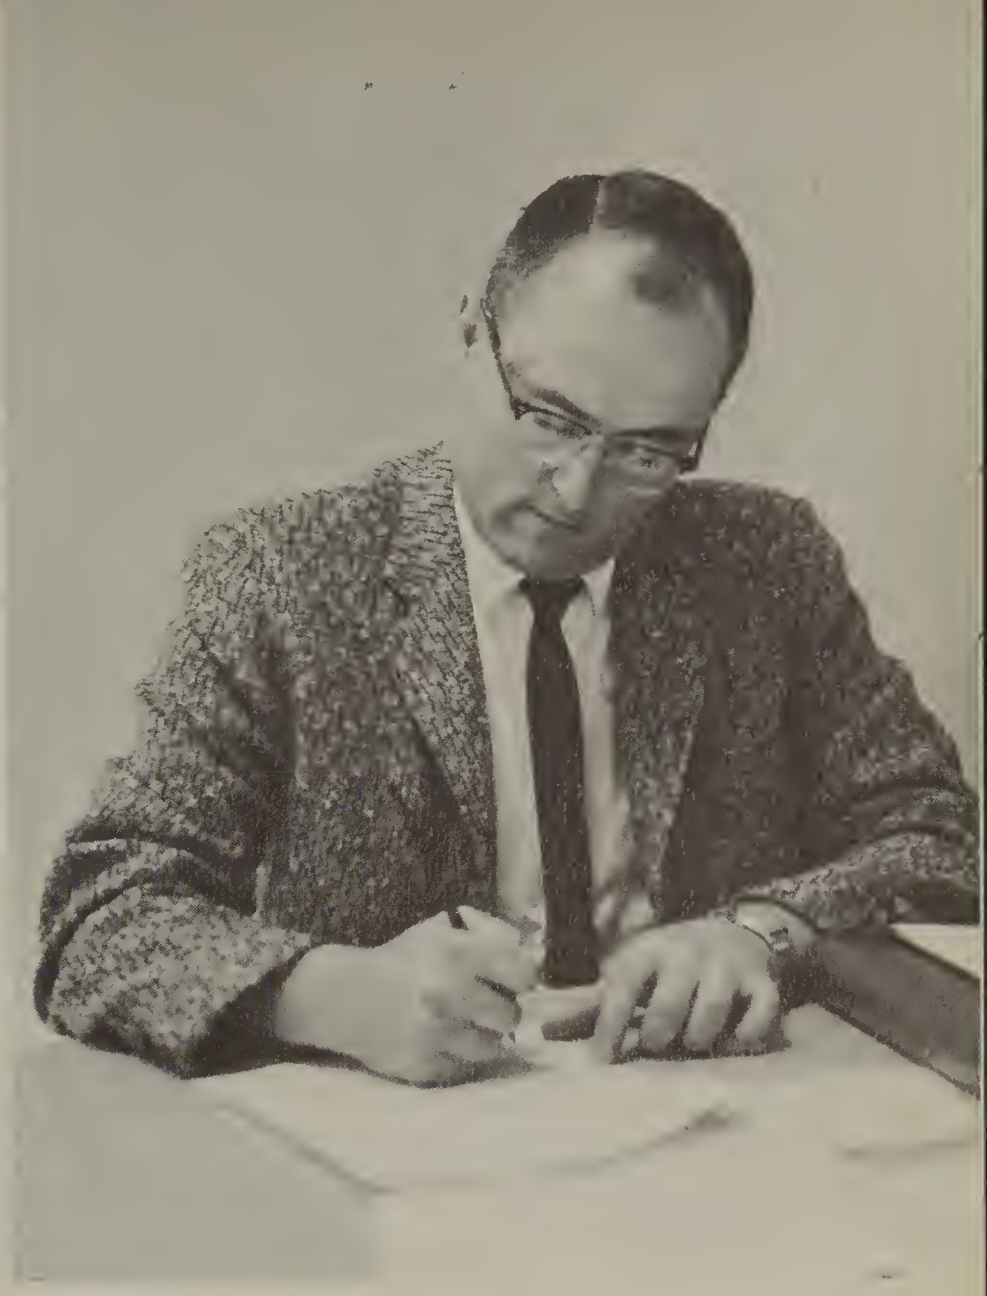

Lit Students Work Hard

Those glassy looks a teacher gets are the most challenging. As Mr. Olson says, "You don't know whether to quit teaching or call the coroner."

MRS. BEATRICE E. GROTEY is the new junior class counselor, a task which she performs with much tact and understanding. She received her B.A. degree at Sioux Falls College, South Dakota and her M.Ed. degree at the University of Southern California.

As a new teacher this year, **MR. GARY OLSON** has put in a considerable amount of time as sophomore class counselor besides teaching chemistry. He received his B.S. degree at Bemidji State College, Minnesota, and his Master's degree at the University of North Dakota.

The counseling program at Vista High School includes academic, vocational, and personal counseling. Testing programs are administered and explained to all grade levels. College and career information is made available, and opportunities for scholarships are made known to students.

They Aid Our Students

Here **MR. WALTON CRYMES** finds additional information in his large collection of college catalogues. He has been a favorite among the seniors at V.H.S. for the last five years as counselor. After receiving his B.A. at the University of New Mexico, he earned his M.A. degree at Texas Western College and his Ed.S. at New Mexico State University.

The members of band and chorus classes experience the strain of constant practice. It takes hard work, determination, and most important, a desire to bring music into the hearts of people.

Under the supervision of Mr. Workman, the band students are kept busy in arranging their own musical selections, which involves much detailed work in producing the sound and effect they wish to create.

"...a-one-and-a-two-and-a..." Mr. Workman starts the chorus on one of the songs at the Christmas assembly.

There were 65 members in the Vista High chorus this year blending together to make one of the best groups in the country.

During the year, Vista High students have enjoyed hearing the chorus perform at the Christmas assembly, the Founder's Day Program, and the Spring Concert. The chorus attended the County Chorus Festival, which was hosted by Oceanside High in March.

For the first time this year, the chorus joined with the drama classes to give a musical play. With choristers taking many of the leading roles, the play was a great success.

MRS. MARY E. HUMPHREY has worked with Vista High School students for eleven yeors, rendering valuable service whenever she is needed. She attended Washington State University where she received her B. A. degree.

Mrs. Humphrey, VHS's librarian, plays an important role in our school life. Her main duties are helping students find materials and enforcing regulations concerning the proper procedure of checking out books. With the interests of VHS students in mind, she reviews new books and orders the most interesting and most appropriate of them.

When the books are received, they must be processed. To help catalogue and file these books, Mrs. Homphrey has a staff of student workers. These students have proved to be invaluable to the operation of the library and to Mrs. Humphrey.

Responsibility and representation are the main characteristics of the student council officers. Carefully chosen by the student body, these officers must discuss and make the decisions concerning the student affairs on campus.

A few of the many responsibilities facing the council are: publicity of student activities, arrangement of the events to be held throughout the year, and council members are in charge of regulating the incoming and outgoing money for student facilities.

The big event of the year is the convention, with the purpose of electing the next year's officers. It is arranged according to the procedure of the national election conventions. Each class represents a state, from which delegates are sent representing their choice for officers. The conventions are usually a place of wild confusion, crazy costumes, and masses of gaudy state representation signs.

This year's convention, was open to the public, and began at 5:30 in the evening. One of the many highlights of the evening was a brief talk by Max Taylor, Vista City Manager, explaining city elections and municipal government. A brief half hour intermission took place at 7:30, with refreshments being served by various service clubs. The convention concluded when all final candidates were chosen.

Among the many activities in which Jim participates tennis rates top. Jim, and Fritz Stumpges were the two leading men on the tennis team and helped to bring the Avocado League Championship to Vista this year.

Jim Stratton is shown painting one of his "Stratton for President" signs while he was campaigning before the final election.

Responsibility and personal ability are the two greatest qualifications of an A. S. B. President. Jim Stratton, this year's president, faced the problems that his job presented and solved them with a quiet efficiency. He continued proving his ability in several areas to his teachers, his peers, and the community by studying hard to maintain good grades, continuing his success in tennis, and taking an active part in clubs such as A. S. F., C. S. F., Foreign Language Club, and Key Club. Through his efforts, personality, intelligence, and leadership, Jim has been an outstanding A. S. B. President.

The American Field Service works very hard in order to sponsor a plan for foreign students to attend high schools in the United States. Through the efforts of its ambitious members at Vista High, we have been fortunate to have a student from abroad for the past four years.

They have accomplished this by selling programs at the football games — a very frustrating job, and conducting their palate pleasing bake sales.

Lynn Gredig, Vista high senior, had an exciting and eventful summer in Holland. She was selected by the A.S.F. organization to represent Vista from June until August. Lynn stayed with two different families the first living in St. Anna Parochia and the second in Emmeloord. In each family there were four other children. When asked what she enjoyed doing most while she was there, Lynn said the sailing and camping were wonderful. She had no previous training in the Dutch language, but now speaks it with a very good command of words, accent and grammar. When we think of Holland, we usually think of windmills and wooden shoes; oddly enough, both are still in general use. The mills grind grain and pump water, and the farmers still wear wooden shoes during rainy weather. Lynn says the Dutch people are very friendly and cordial.

Lynn And Jimmy Go To Europe

It was an eventful summer in Germany for senior Jim Stratton. The Volkswagon Corporation sponsored Jim along with 19 other high school students from various other places. In turn 20 other German pupils came to the United States. In the family he stayed with, he had two sisters and three brothers. However, one of the boys came to Vista and stayed with Jim's family to complete the exchange. Soccer, swimming, and bike riding were the most fun. In comparison to our every day society, Jim noticed that the people are much less busy and have a lot more time for pleasure and recreation.

Riitta and her "parents", Mr. and Mrs. Kidder.

My dear friends,

I dare to use just the word "friends," because it is the best word to describe my feelings toward you. I came to Vista without knowing anyone here and I leave feeling that I have made all of you my friends. I remember the first school day when I was introduced to the whole school and I had to get up on the stage. I was so scared that later on I did not even remember what I said up there. Well, soon I felt at home in my new school and was not scared anymore. This was because everybody was so kind and helpful to me. To my mind, one of the best parts in being an "AFS-er" is meeting new people and making new friends. I want to say "thank-you" — "kiitos paljon" — to every one of you for your wonderful attitude toward me. I leave Vista having learned to love the United States, California, and especially Vista, and all the people here. I do not want to say "good-bye". I say "nakemiin" or "see you later," because I am sure I will see you again, perhaps in my own country, Finland.

Yours,

Riitta-Liisa Kolehmainen

Members of the Foreign Language Club are shown above.

Foreign Language Club

This year's Foreign Language Club consists of Spanish, Latin, German and Russian students from first to third year levels. The main objective of the club is to stimulate better understanding of the world around us through the ability to communicate with people of other countries.

Those students in charge of the meetings and activities of the Foreign Language Club are: **(left to right)** Gail Nicholsen, Treasurer; Kathy Sneider, Secretary; Mary Tanner, Vice-President; and Pat Trujillo, President.

Senior Class Social Chairman Penny Hill was in charge of the very successful homecoming dance, "Moonlight 'n' Memories."

Homecoming Week, historically the week of returning alumni, seems to take on new characteristics and activities each year. During the week the students wear crazy clothes on the various days such as Clash Day, Turn-About Day, Bermuda Day and Crazy Hat Day, and Black and White Day. Thursday evening is the pre-game highlight as the big bonfire pep rally and serpentine are held. Each year the fire seems to get bigger and hotter, thanks to the hard working Key Club members. Senior Penny Hill was the Homecoming chairman and did an outstanding job.

The senior girls presented a skit at the Bonfire rally to prepare the students for the game the following evening. The object flying through the air is the football which the opposing team fumbled and the Panthers recovered. The Pantherettes won easily, 14-0.

HOMECOMING

Who could have stopped smiling on a night like this?

Diane Redfern Reigned

A great moment in a young girl's life is the good furtune to be selected as a member of the homecoming court, or even as the queen herself. The thrill of being selected by their fellow students as one of the prettiest and most popular girls in school is a memory these girls will treasure for the rest of their lives. The ride around the field in a sporty convertible, the crowning of the queen, the special sideline seats, the snappy band music—all these add up to a big evening for these fine young ladies.

Queen Diane and her court viewed the second half of the football game seated in these ornate patio chairs on the sideline.

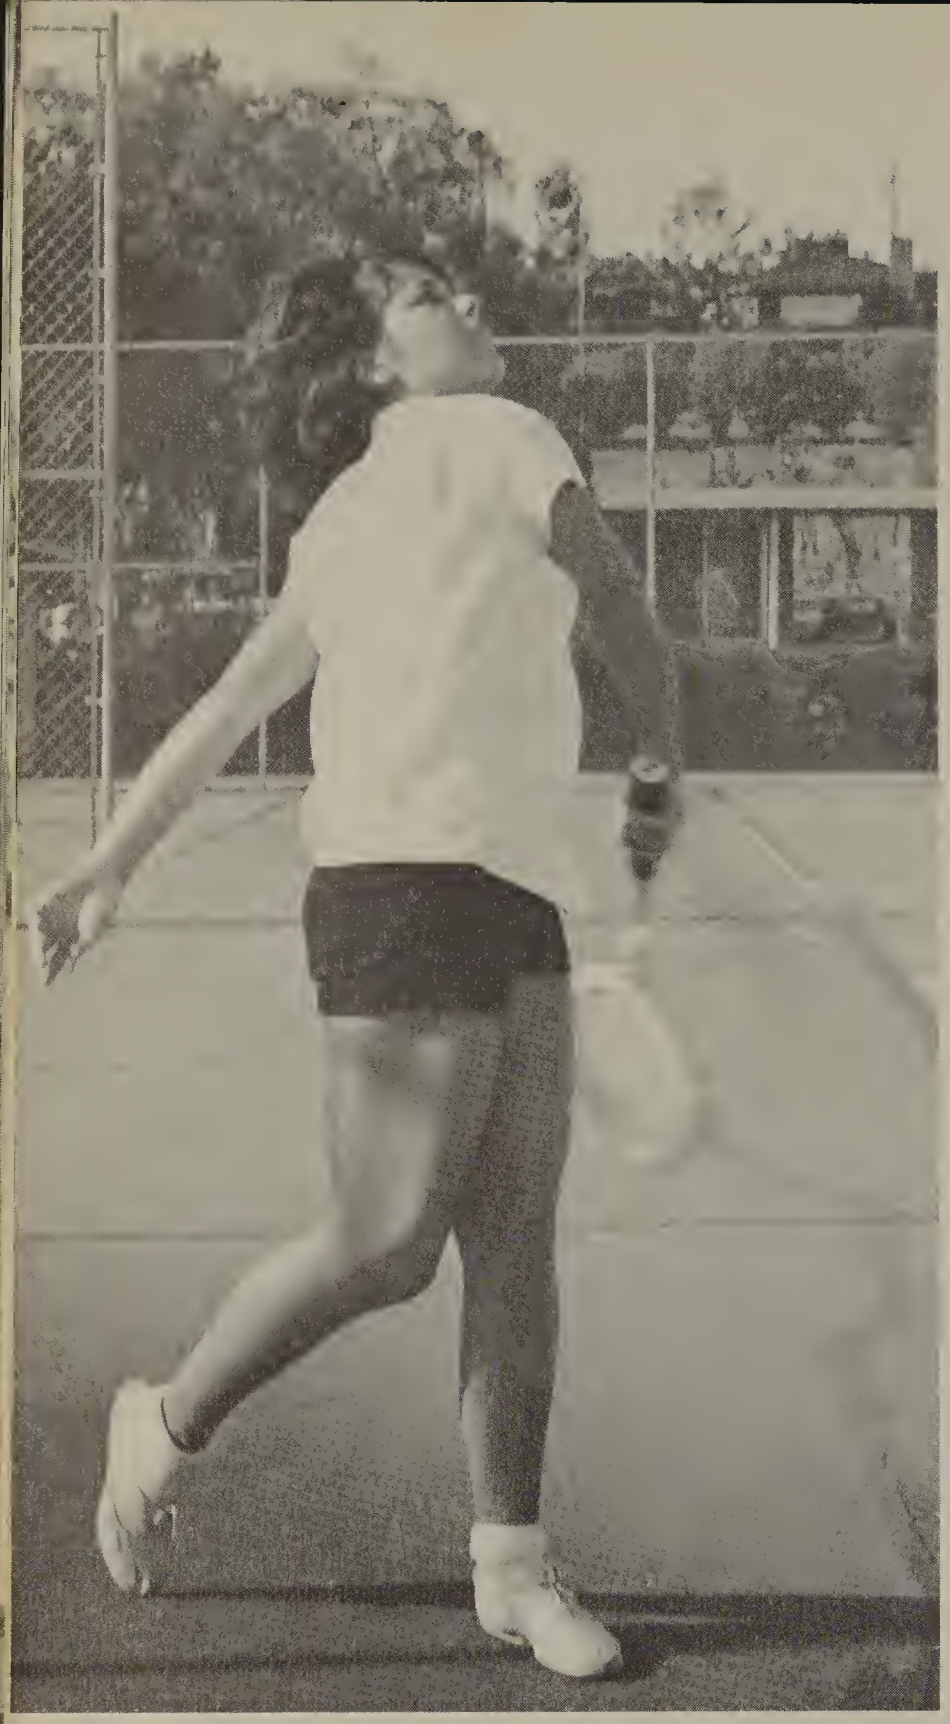

Dan St. John was Diane's escort as he led her from the convertible to the risers in front of the grandstand.

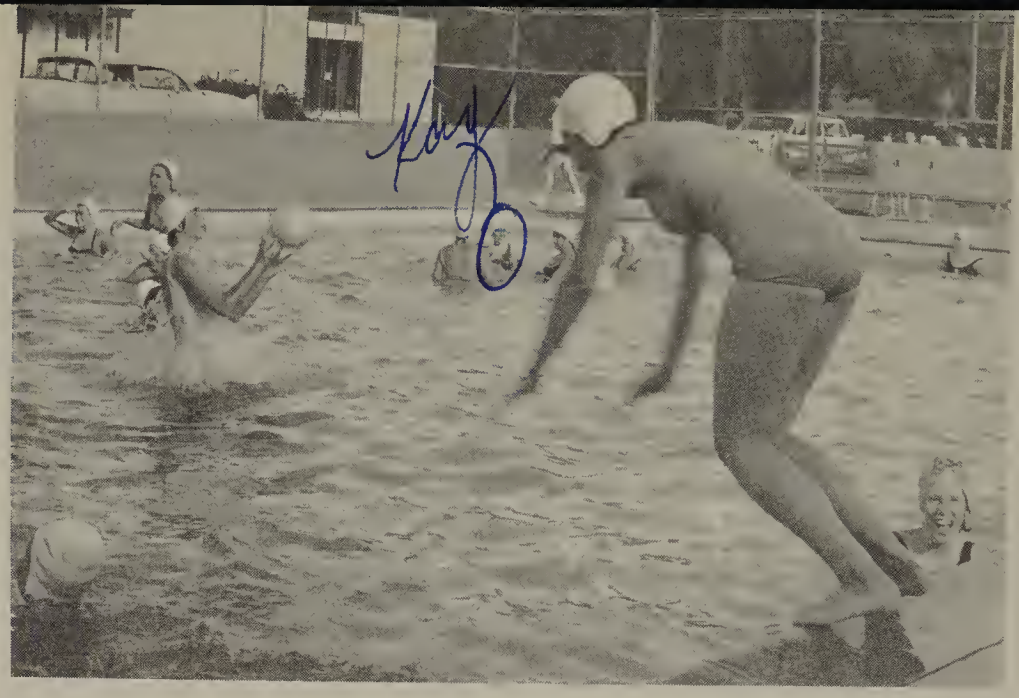

As Homecoming Queen

Student body president Jim Stratton crowns pretty Diane Redfern as the 1964 Homecoming Queen at the halftime ceremonies of the Fallbrook football game. Other members of the homecoming court are Princesses Consuelo Contreras, Terri Thomas, Kathy Puckett and Anna Guidone.

Varsity "V" Raises Morale

The purpose of the Varsity V Club is to strengthen participation in athletics, to promote fellowship among athletes, and loyalty to Vista High School. This year's members have done an outstanding job for their community. The money that is raised through club dues is used in buying some athletic equipment. Membership is open to all Varsity lettermen.

Left to Right the officers are: Pat Farner, Vice President; Vic Simpson, President; Dave Funderburk, Secretary; Mike Melvin, Treasurer; and Chuck Watkins, Sargeant at Arms.

Pep Club is an organization of girls with the goal of promoting school spirit. Guided by their president, Penny Hill, the members have greatly improved the school spirit of Vista High School this year. This goal has been accomplished through their various activities of decorating bleachers and goal posts at football games, presenting skits at pep assemblies, sponsoring the Vice-Versa dance, and plastering signs throughout the school halls before games.

C. J. Parkinson

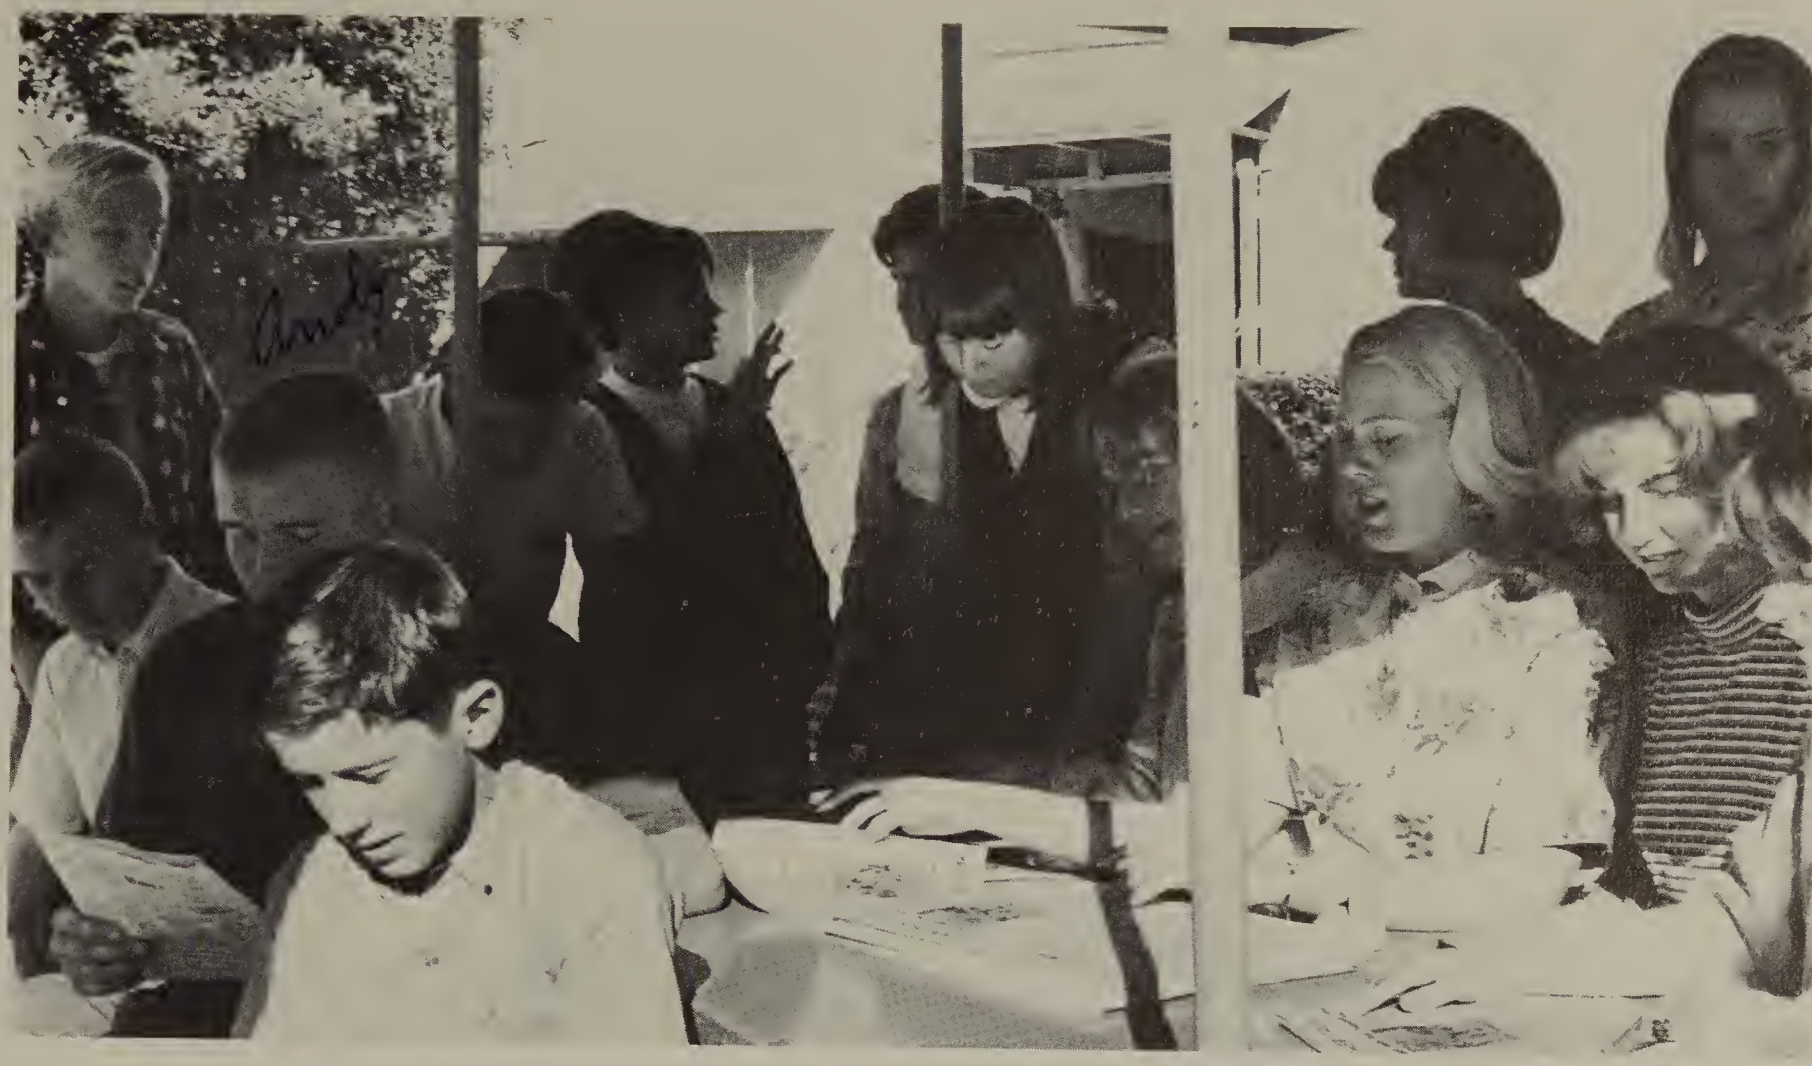

The Managing Editor of the Panther Tale is responsible for the overall production of the paper. C. J. Parkinson held this top position this year, handling the finished copy for both the Panther Tale and the V.H.S. page in the Vista Press. Saundra Anshutz also did an outstanding job as Copy Editor, with the responsibility of the content and general lay-out of the paper. She also did the proofreading and final form and copy for the Vista Press and Panther Tale.

ls Their Responsibility

Pat Farner and Chuck Watkins are interviewed by Ceclia McPherson.

Through the monthly publications of the Panther Tale, Vista High students learn everything from sport news to gossip. The newspaper cannot be produced without a lot of hard, laborious effort, as staff members can testify. Proofreading, assignments, layouts, and thousands of other duties make up the responsibilities of Panther Tale staff members. They did an outstanding job this year by making every issue interesting to the students.

An important part of newspaper work is getting ideas from other papers. Here the staff members take time out to compare the Panther Tale with other publications.

OnThe Rim Of Success

C. S. F. is one of the most honored organizations on the Vista High School Campus. The California Scholarship Federation is a state-wide organization open to students with a high scholastic ability. To be accepted, a student must earn a total of 10 points (A's count as 3 points; B's, one point; C's, no points; D's disqualify.)

Special recognition should be given to these students for their high grade point averages.

The first semester officers of C. S. F. were: President, Calvin Miller; Vice President, Steve Wozniak; Social Chairman, Fredes Hinshaw; Activities Chairman, Sharon Thornton; and Treasurer, Charlotte Jaques.

Under Pressure

Confusion often reigns in the yearbook Journalism class as the staff attends to the myriad of details that goes into producing the book. While some are diligently working on pages or copy for the next deadline, others are taking it easy either lazily studying or discussing what's going on around campus. Mr. Downs is usually busy consulting section heads about layouts and making necessary corrections on copy.

To the majority of the students "La Revista" is a collection of pictures organized to bring back memories of the school year. But to the yearbook staff it means a great deal more. After seven hectic months of planning layouts, submitting rough drafts, working out small but important details, and feeling the tremendous pressure of meeting deadlines, the staff can appreciate the final publication of the book to the fullest. However, working toward the final goal of a well organized yearbook is not completely disappointing and frustrating. Following the final deadline in April, great anticipation builds up until the eventful and long awaited arrival of the finished "La Revista" which brings a lot of praise to the proud staff. In one happy moment they feel much more pleasure than pain in being part of the publication.

The annual Junior-Senior Basketball Game gives a number of unknown students at Vista High who have brawn, beauty, and brains, (in that order) an opportunity to exhibit their amazing talents in public.

Two games are played—junior boys vs. senior boys, and junior girls vs. senior girls.

Because of the fact that so many talents nearly killed each other in the stampede to earn one of the highly coveted positions on the team, the coaches were forced to use the same stiff physical and mental requirements employed by the United States Selective Service in choosing their recruits. All players had to be able to walk ten steps forward, and five backward, and to exhibit an I. Q. of 75. Unfortunately, most of them did.

The boys, who had been on display in Balboa Park since last Halloween, came bounding onto the court in the same costumes they had been wearing when they were captured. The senior class is usually very loyal, but the sight of their own team was too much for them. For the first time in the history of V. H. S., all who were able stood up and walked out in unison. Others had to be carried.

The junior girls lost, 32-12, in spite of the admirable efforts of their coach, Mrs. Jeffrey, to have the entire senior team declared "fouled out."

Everyone agreed that the highlight of the evening came when Coach Picchiottino caught the desperate Coach Jeffrey passing a bill to the equally desperate referee Pepper Lysaker who had discovered early in the game that Helen (49% Fewer Cavities) Abbott didn't like the way he was calling fouls.

A tug-o'-war at halftime between the sophomore and junior boys ended in near disaster. The rope broke and several boys were crushed. No one was hurt, but the incident was very humorous nevertheless. The senior girls came out on top in a similar contest with the sophomore girls and left the gym totally victorious as the juniors, notorious poor sports, chanted "Cheaters never prosper."

The evening's activities were anticlimaxed by an aftergame dance in which the junior and senior girls united in a common effort to defeat the junior and senior boys.

Key Club

The purpose of the Key Club is to promote service to the school and community. The club has undertaken several service projects this year, the most successful of which was the clothing drive. This was a project of raising clothes for the poor people in the Appalachian Mountain region. The club also carried out its annual projects of washing car windows as a safety campaign and selling light bulbs to raise money for a scholarship for a deserving senior boy.

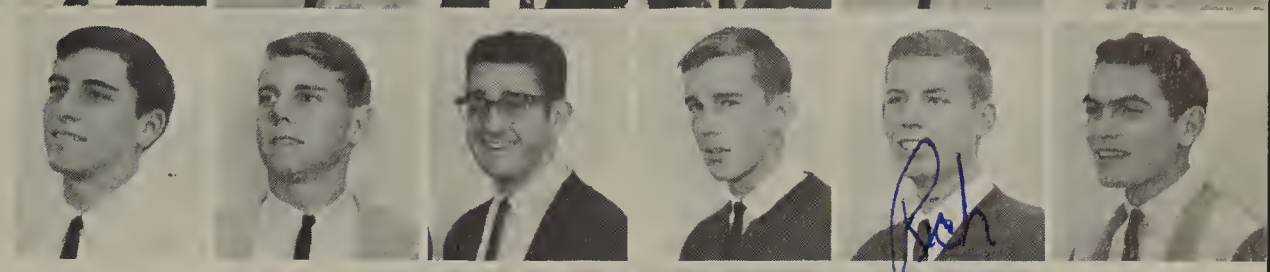

The members of the Key Club contribute time and energy to serve the school and community. Their president, C. Jay Parkinson (standing in foreground) discusses business at one of the meetings about future activities.

"S" Club Lends

The main purpose of "S" Club is serving the school and community. The club has thirty-four sophomore, junior, and senior girl members who have worked on many projects this year. The members chose and provided for a needy Vista family, worked on the Lion's Club White Cane sale, and gave an annual scholarship to a deserving senior girl. One project which they initiated this year was the "Mr. Legs" contest. Students voted for one of the eight male candidates, and Tom Heckendorn was chosen "Mr. Legs of 1965." Helping the girls on their projects were Mrs. Orbee Mihalek, the Soroptimist Club sponsor, and Mrs. Doig, the school advisor.

A Helping Hand

One of the many fund raising projects "S" club sponsored this year was the "Mr. Legs Contest." This contest took place during Vice Versa week, entrants were two chosen boys representing each class. Here Betty Zydervelt, "S" club president, is shown presenting a garter to Mr. Legs of 1965. senior Tom Heckendorn, at the annual Vice-Versa dance. Money from this project went towards a scholarship fund.

"The Hitting Game"

Vista's 1964 football season turned out to be something less than hoped for. Enthusiasm ran high at the beginning of the season. Even after two crushing defeats by powerful St. Augustine and Madison, the Vista team still had the desire to win. The Panthers proved this when they came from behind at Monte Vista to defeat the Monarchs 19-18.

After Vista defeated previously unbeaten and unscored upon Poway, Vistans began looking for the first league championship in five years.

Oceanside defeated the Panthers in a hotly contested battle 15-7. But following Oceanside's loss to University the following Friday afternoon, hopes rose again and a fired up Vista club defeated San Dieguito, 13-0.

Homecoming, however, proved to be a disheartening affair following the Panther's 13-7 defeat at the hands of Fallbrook. Perhaps even more humiliating was the 7-6 loss to Orange Glen the following week.

Vista's hope for a good league standing was now thoroughly demolished. The Panthers went to University with a 1-3 record. Although the Vista club appeared to be holding their own in the first few minutes of play, the Dons eventually overpowered the Panthers and beat them 34-0.

This season should be looked upon, however, as a beginning. The JV team turned in an impressive 7-3 record with an Avocado record of 3-2.

Coach Morrison

In the two years that Coach Don Morrison has been at Vista High, he has instituted a new enthusiasm for the hitting game. He established a summer weight training program and kept in touch with all the football players. It wasn't unusual for a player to receive summer correspondence from the "Big Brother" of Morrison's Monsters. Vista didn't have a winning season, but there is no doubt that the renewed interest in football will be a valuable asset to Vista teams in the future.

This was Coach Clark Wasson's first year as a varsity coach at Vista. His last two years at Vista were spent as the line coach for the Junior Varsity squad. Mr. Wasson is a man who knows how to get the best in the way of effort out of his players. Hard work, lots of contact and head knocking in practice produces the tough variety of linemen that were characteristic of the Vista team this year. Mr. Wasson is to be congratulated for the job he did this year with the Vista line.

Coach Wasson

Coach Pepper Lysacker's JV team won more games this season than the combined wins of the JV teams over the last two years. Their impressive 6-3 record outshined the varsity. Coach Lysacker showed a great capacity for getting the most out of his players when it counted. Although their luck ran out on them at University, the JV team should be counted on to turn in an excellent performance as varsity players.

Coach Lysacker

EXHAUSTION is a part of any sport. Vista's hard hitting guard, Vic Simpson, takes a breather after being taken out briefly during the University game. Scenes like this were common as many of the Panthers played both offense and defense.

Football Is

ROLLS AND ROLLS OF TAPE are used in preparing for a game. Ankles, wrists, thighs, and almost every other part of the human anatomy are taped at one time or another during the season. Here, Ron Harrig gets his ankles taped while John Hunter awaits his turn.

Even at the end of the season, PRE-GAME TENSION is impossible to avoid. From left to right: Rus Jellig, Ray Partain, Zem Hopkins, Bill Bricker, Eddie Reyes, Howard Black, Frank Contreras, Mike Kosanovich, and Scott Prall wait in the locker room prior to the University game.

A Game Of Emotion

SPIRIT is as much a part of a football game as the action on the field. Howard Black is seen here cheering his team on at University. A lot can be said in favor of team spirit this year, even if they did come up short in the league standings.

Townsend Koren proved to be the team's most valuable asset this year. The speedy halfback led the team in rushing. His best performance was a 96 yard ramble against Orange Glen which may have set an all-time record for the Vista field.

Glory is not part of a wingback's profession. Bob Wade was, however, a key player in the Panthers' offense. Bob proved this year that, despite his size, he was a powerful and effective blocker.

The Backs Get All The Glory,

The second leading ground gainer for the Panthers this year was their hard-hitting fullback, Chuck Watkins. Chuck was also an aggressive blocker as well as a strong running back.

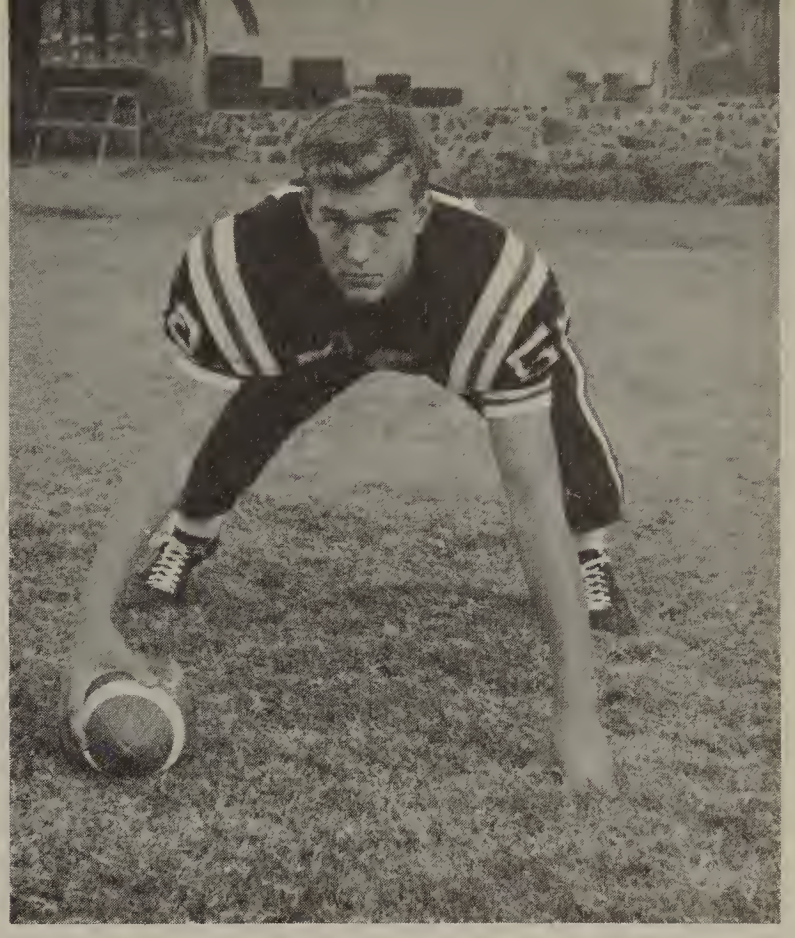

Hustle and spirit are two words used often when people talk about Mike Melvin. Although he was somewhat hampered by size, Mike demonstrated a never-give-up attitude which is the mark of a true athlete.

Vic Simpson possesses the qualities that should be inherent in all athletes. He is a fierce competitor on the gridiron and has a reputation for being a true gentleman off the field. His number 62 was a familiar sight in tackle pileups this year and his superb blocking opened many a hole for Vista runners.

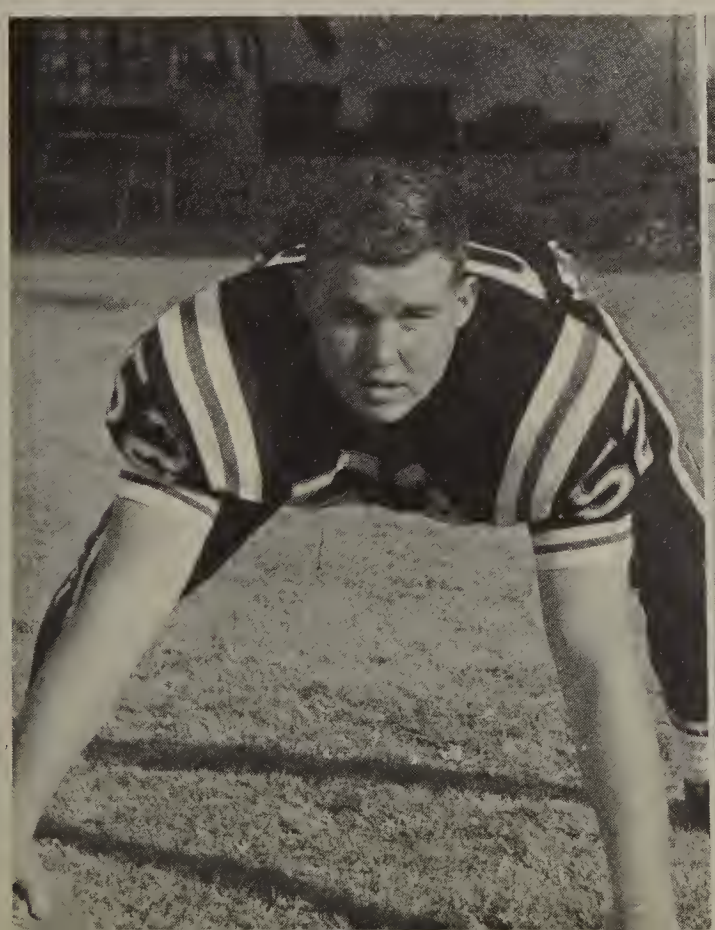

The Panthers' center spot has been filled very well for the past three years. Experience, strength, and ability are qualities which aided in Ron's contribution to the team. In his senior year he played a number of positions which included end, tackle and linebacker.

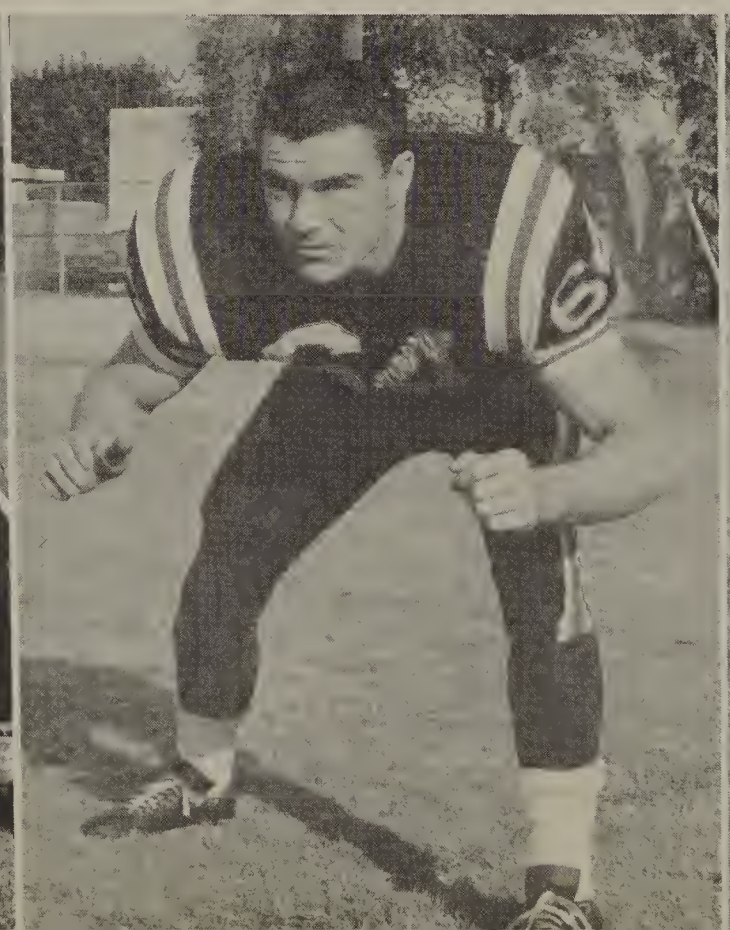

Linemen Do The Work

Few people realize the good job that Howard Black did for the Panthers this year on defense. His 230 pounds beefed-up the Panther line considerably. The Vista defensive line was one of the toughest in the league and Howard Black was right there in the middle.

Pat Farner was the most important link in the defensive chain of the Panthers this year. At times, it seemed that Pat was all over the field making tackles, recovering fumbles, and knocking down passes. His outstanding defensive work earned him a berth on the All Avocado League Team.

Alex Gonzales played offensive and defensive tackle. More than once he teamed up with one of Vista's two excellent guards and opened gaping holes in opposing defensive lines.

Townsend Koren attempts to round the St. Augustine end as Ron George, Mike Potter, Pat Farner, and Vic Simpson block. The Panthers lost to the powerful Saints but bounced back at Poway and Monte Vista.

Football Is

Townsend Koren, Vista's leading ground gainer, attempts to shake off two Oceanside defenders. Oceanside defeated the Panthers despite the valiant effort put forth by the team.

Action

JV Has Good Season

The J.V. football squad this year won more games than the combined J.V. teams of the last three years. Their impressive 6-3 record was a result of the rough and ready attitude which they seemed to carry with them to their games. Head knocking was a common occurence in practice sessions and in the picture below, Bill Fogt demonstrates his head lowering technique while four Monte Vista defenders attempt to make the stop.

The Game Of Speed,

TOM HECKENDORN
Captain and
Most Valuable Player
All-League Center

Much could be said for this year's varsity team. Although lacking consistency, the team was marked by its persistence. Spirits were dampened when the team lost several very tight ball-games. This year the Panthers relied on the great talent of our center, Tom Heckendorn, who kept spirits alive by showing us what can be done if you are only 6' 4" and weigh only 210 pounds. This incentive was excelled only by Dale Whaley's sparkling one-game show of scoring when he counted for 31 points in a single game. Coach Riedberger counted on such efforts as those exhibited by Tom and Dale this year. Next year's cagers will have a lot to live up to.

At left, DALE WHALEY gets positioned for the rebound.

MR. RIEDBERGER goes over plans with playmakers, ROD PLEW and HANK TENNEY. This game against University proved to be a very close and exciting contest.

People who have played basketball know that it is not just a bunch of boys in their trunks tossing a ball through a metal hoop. It is football without pads. Basketball players get shin splints, sprained ankels, black eyes, broken ribs, pulled muscles, board burns, blisters, and sore feet playing the "sissy" game of basketball.

A basketball player knows that elbows are pointed and that hard wood floors are really hard. A short guard must realize that he might be stepped-on and a tall center must remember that it's a long way to the floor.

Basketball, with all it's violence, is still primarily a game of skill.

"Interest is the key to winning," could well be expressed here with MR. RIEDBERGERS' looks of thought, disgust, and encouragement.

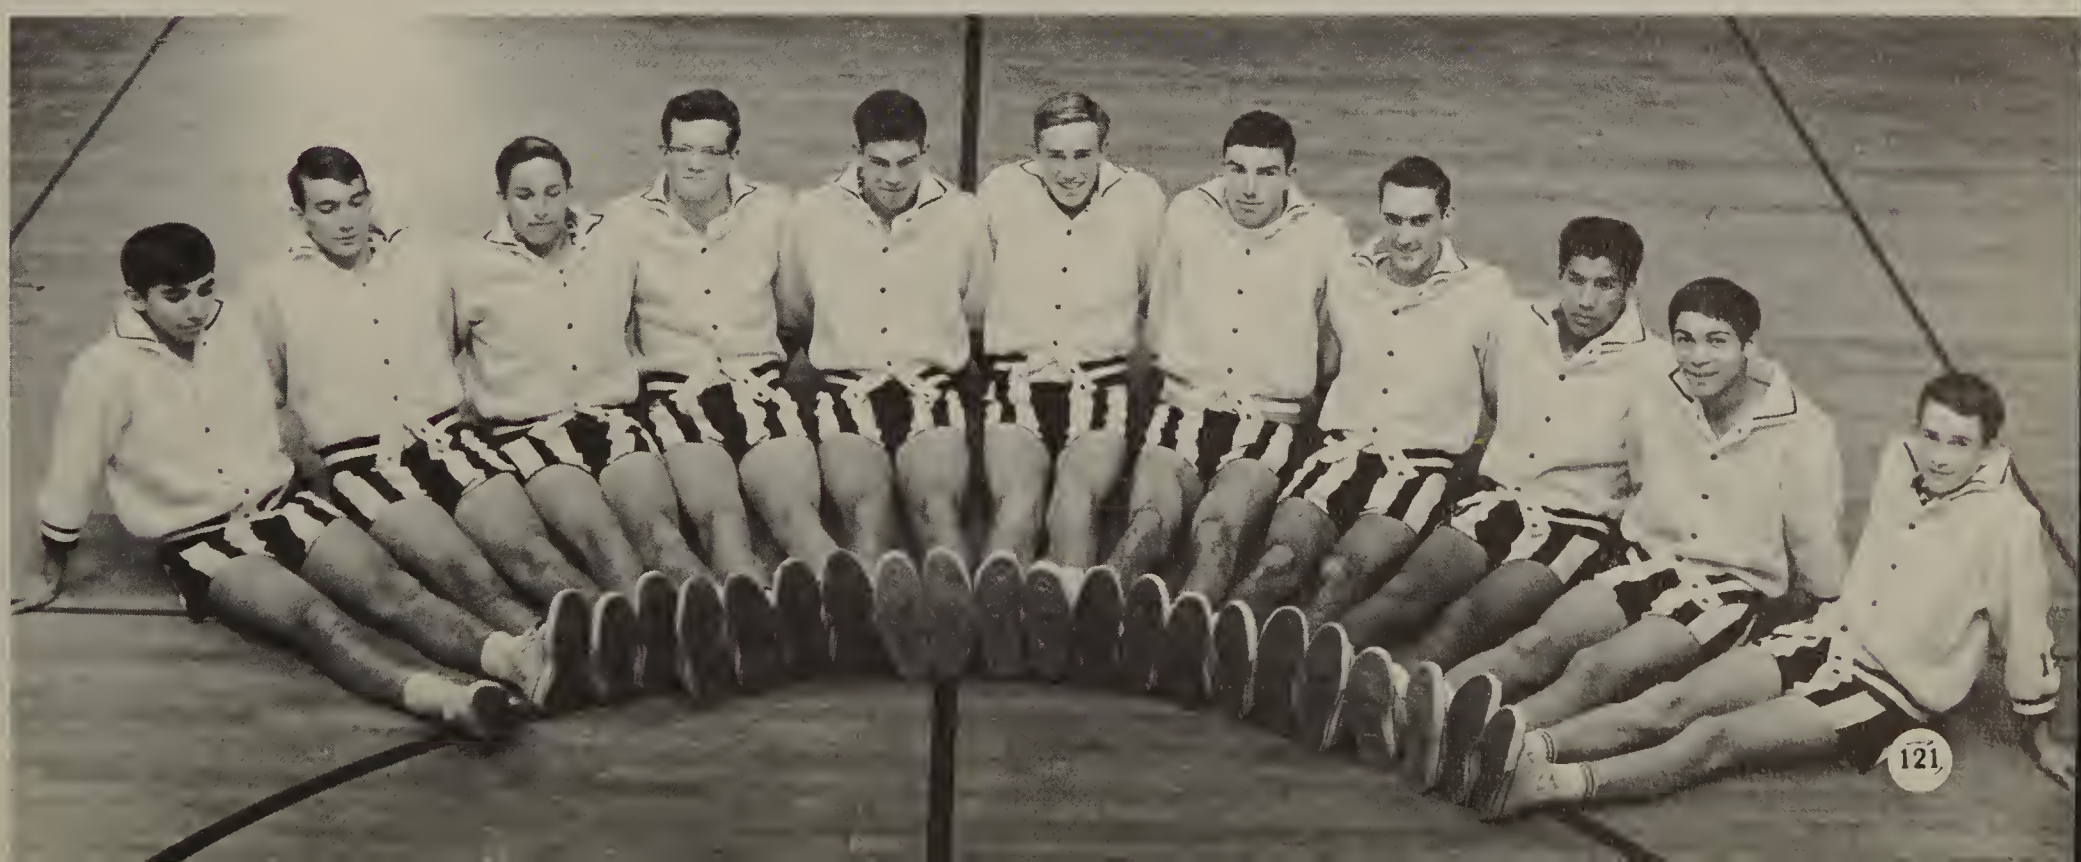

Doug Belknap displays terrific ball-handling in this game with Carlsbad.

The highlight of the 1964 cross country season came when the Ponther harriers traveled to Walnut, California (near Pomono) to compete in the 16th Annuol Mt. SAC Invitationol. Dove Funderburk won his race and led the Ponthers to a second ploce finish in their division. The meet, often called the "world's largest footroce," involved nearly 3500 runners this year.

Sweat And Pain: Cross Country

The Vista cross country team won nine dual meets without a loss this season as the Panther harriers won their second straight Avocado League Championship. In fact, the Panthers showed their strength in the all-league meet by outscoring all of the teams of the league combined with a low score of 25. Although they proved strong in the league, the Panthers were disappointed with their efforts in the county. Working regularly on Saturdays and Sundays, they covered over 400 miles in workouts during the three month season. Although the Panthers placed a strong fifth in the C.I.F., it was below their hopes.

Little junior, Ronnie Lord, was the big surprise of the teom. Running a strong second to Funderburk in most of the meets, his 9:26 time on the Visto course wos the second fastest time in school history. He worked hard and moy erose Funderburk's name from the cross country record books next year.

The 22nd Annuol San Diego Stote Invitotionol was one of the big meets of the year as Vista placed second in the small school division. Rick Fox ond Rod Plew, Visto's strong third and fourth runners, are shown here running up the hill, fighting to stoy ahead of their nearest competitors.

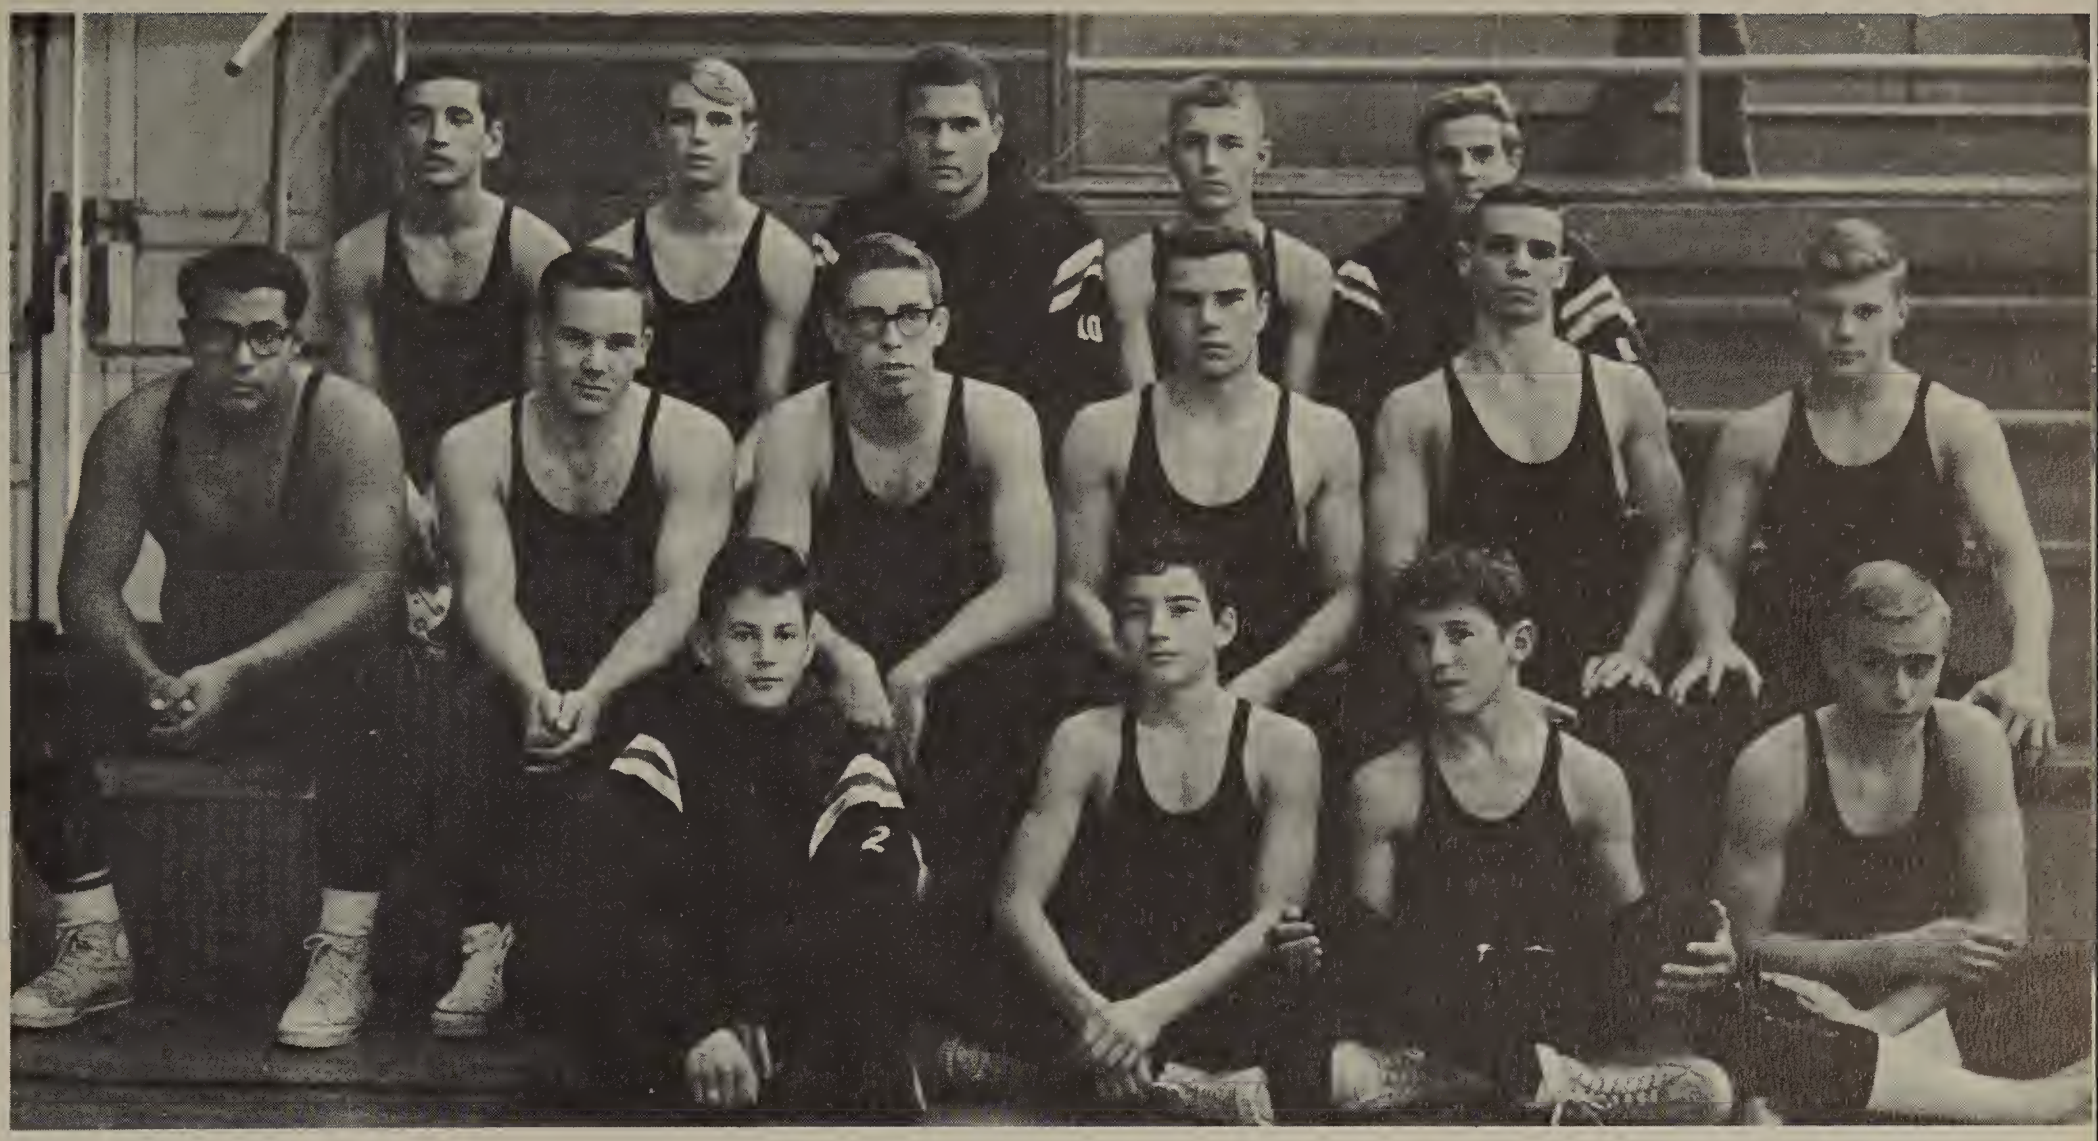

Bill Bricker was one of the surprises of the season in the "Grunt and Flex" sport. He is shown here waiting for the signal from the referee to start the second period.

Wrestling Breeds Brawn

Desire, Devotion, and Diligence are the important qualities in being a good wrestler. Success in wrestling requires both the desire and the devotion to succeed and the pride to excel.

The school was fortunate in having excellent wrestlers like Vic Simpson, Pat Farner, Doyle Buchanan and Bill Bricker to help the wrestling team to a victorious season.

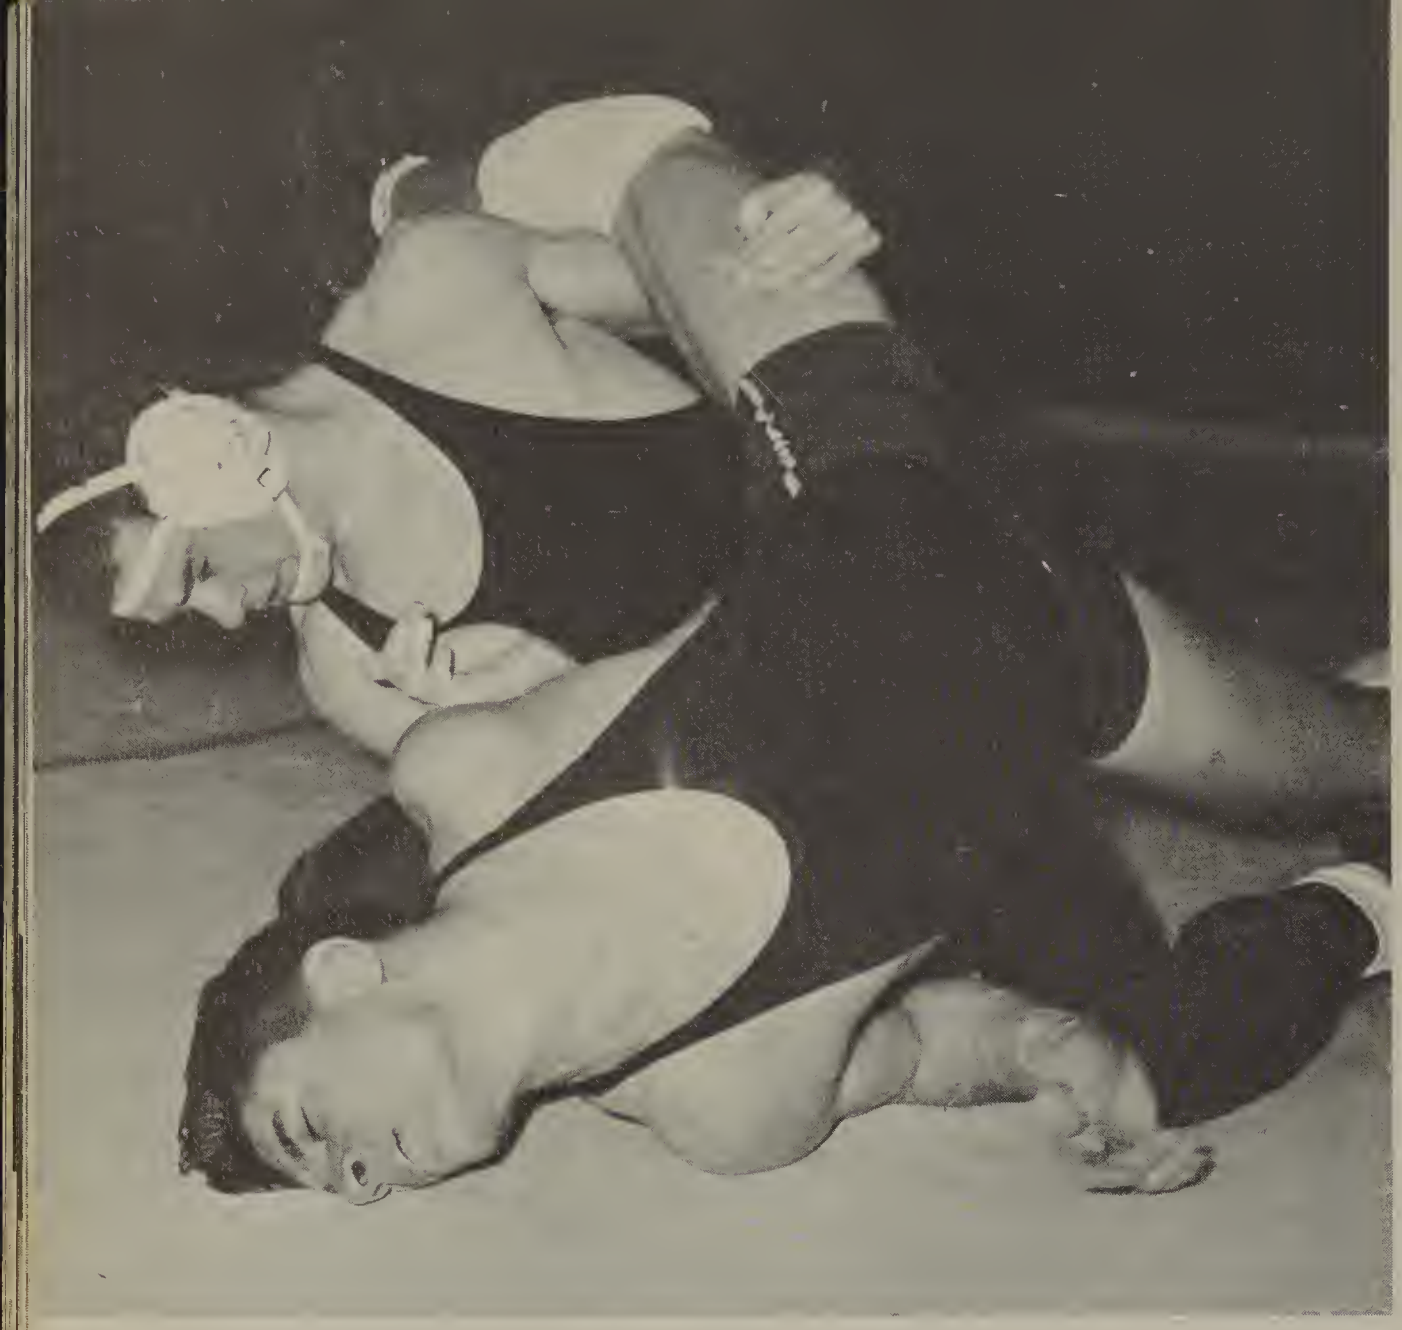

The Varsity wrestlers were **(left to right):** Danny Thomas, Ralph Sohn, Jack Hall, Mike Eslinger. **Second Row:** Alex Gonzalas, Larry Hopkins, Bill Bricker, Pat Farner, Vic Simpson, and Doyle Buchanan. **Third Row:** Gilbert Rojas, Larry Yahn, Don Bonnett, George Monty and Don Bartletti.

Doyle Buchanan **(above),** Vista's other participant in the CIF Wrestling Finals, ended any doubts this year that his athletic ability does not rank with his verbal prowess. He concentrates here, planning his next move against his strong Fallbrook opponent.

Outstanding athletes come once in a great while to Vista High. Pat Farner, CIF wrestling champion in the 157 lb. class, is one of these superior athletes. He has competed in sports at Vista High for two years, making all-league in both football and wrestling this year. He is shown, above, about to pin his unfortunate opponent.

Golf Is A New Sport At Vista

Vista High initiated a new sport this year — golf. This sport, coached by Ron Riedberger, gives boys, who might not otherwise be athletically endowed, a chance to participate. The Panthers were lucky in getting back last year's individual Avocado League champ, Neil Gudgeon. As **La Revista** went to press, Gudgeon had led his team to 3 straight victories. The team consists of ten players, six of whom count for points. They play 12 holes, getting two points for the first six holes, two points for the second six, and two points for the total six. The members pictured, are: Zem Hopkins, Dale Wright, Neil Gudgeon, Dave Reutter, John Wyatt, Doug Belknap. Not shown are: John Pegg, Jeff Butterworth, Jim Ochs, and Mark Tuttle.

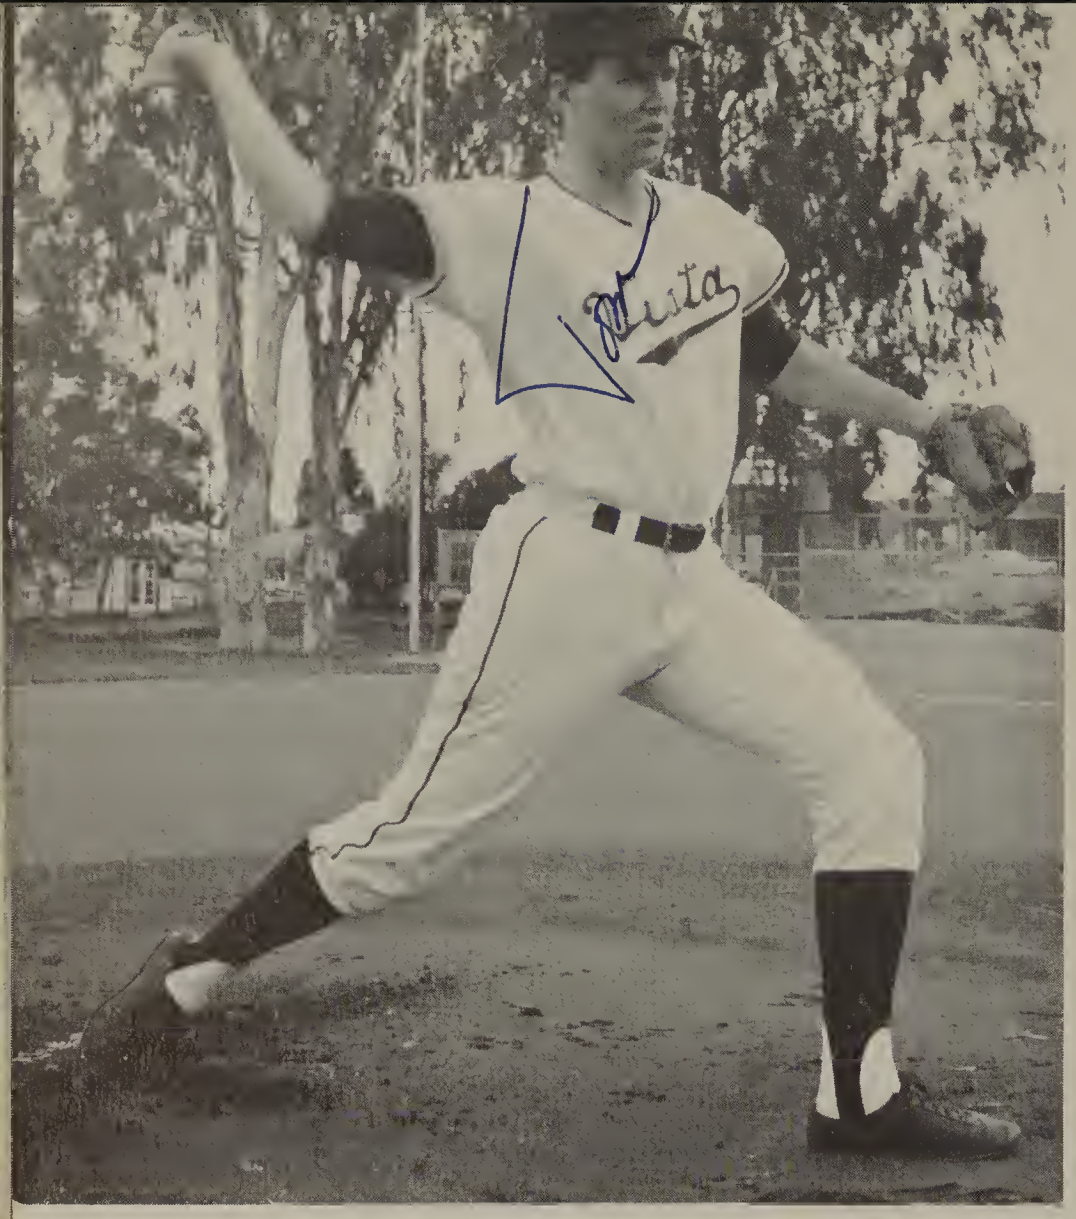

BASEBALL

Season Starts With A Bang

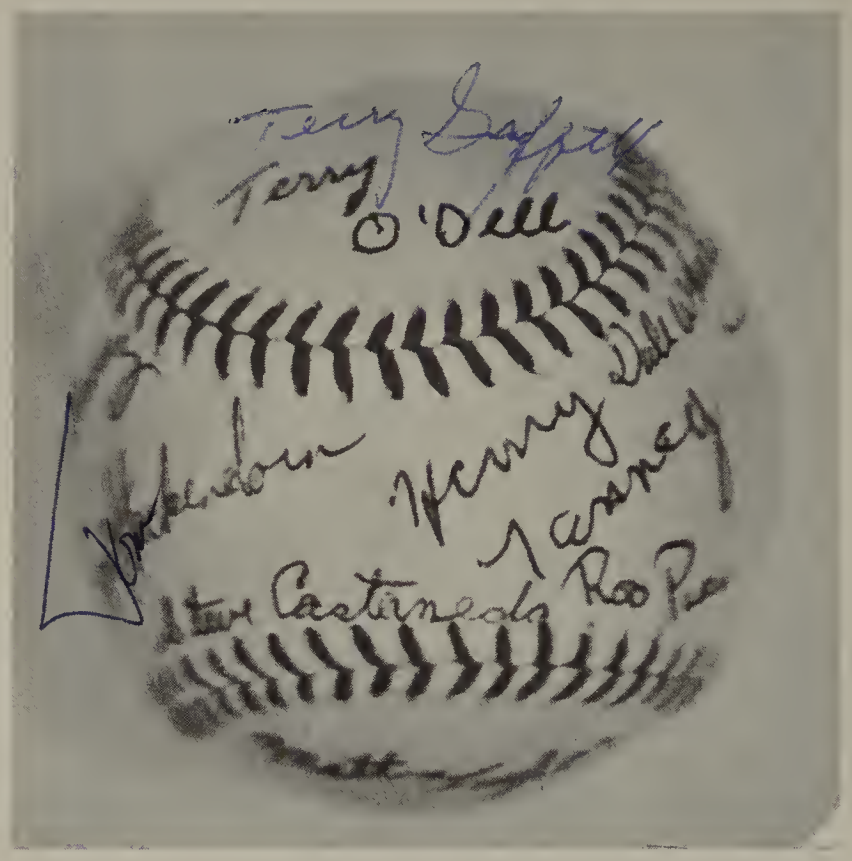

The Vista High baseball team got off to a great start this season by winning five of its first six games. By defeating two tough teams, San Dieguito and Oceanside, by identical scores of 2-0, the Panthers became the leading contender for the Avocado League Championship. As La Revista went to press, the Panthers had defeated San Marcos, Coronado, and Laguna.

Hank Tenny hit the first home run of the season over the right-center field fence of the Panther field. The blast came in the third inning of the San Marcos game. Rod Plew is seen here congratulating Hank as he crosses the plate.

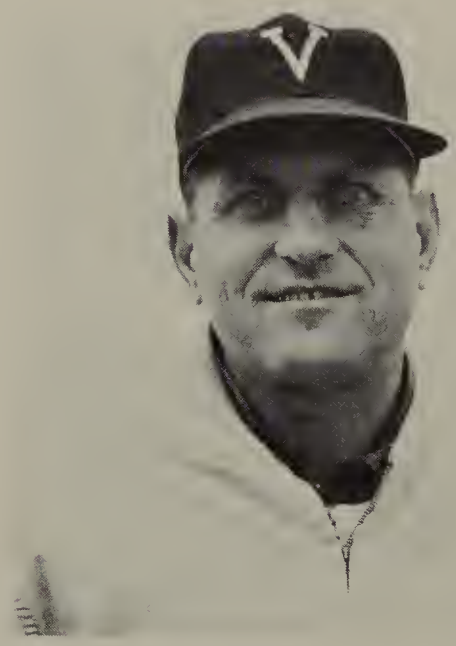

Tam Heckendarn, **above,** and Matt Taylor, **below,** the twa leading pitchers an the Panther squod, exhibit their winning farm here. As the La Revista went to press, Tom had won 3 games and Matt had wan 5.

Spikemen Hit New Heights

La Revista went to press before the track season had started, but with a combination of last year's lettermen and new talent this year, it looked like a good year. Coach Pepper Lysaker was getting good performances in practice from most of his athletes, preparing for the first meet.

Concentration and speed are the qualities of a good sprinter. Towny Koren has proved his ability in all of these as he was selected to the 1964 All-Avocado League Track Team.

Above: Jim Stephens thrashes the water on his way to another fast 100 yard free-style. **Right:** Chuck Christensen, Vista's strong entry in the back-stroke, shows the form that helped him earn a letter as a sophomore and become one of Vista's best swimmers.

"Practice makes perfect" is the motto of coach Don Hubbard as he times Gene Gibbs, the Aqua-Cats no. 1 aquaman, who is exhibiting one of his fast turns.

Dayle Buchanan, secand daubles player, hits a smashing averhead volley as he prepares far a crucial match with Oceanside.

After dropping their first two matches of the season to Escondido and Coronado by decisive scores, the Vista tennis team bounced back to win their next six meets in a row, as the yearbook went to press. The Panther netters defeated Escondido in a rematch, 17-11, only the second time in the last several years that Vista has beaten the Cougars. Six seniors led the Panthers as Jim Stratton and Fritz Stumpges traded off the first singles spot while John Stevenson, Rick Kidder, Doyle Buchanan and Captain Calvin Miller were nearly invincible in Avocado league doubles play. Juniors Gunder Morken, and Pat Crymes also made valuable contributions to the varsity team.

Jim Stratton, **above** and Fritz Stumpges, **right,** were the two top Panther tennis players this year. They were instrumental in Vista's Avodado League championship season in 1964, and this year as La Revista went to press, it appeared that Jim and Fritz would lead the Panthers to another undefeated league season.

Stratton, Stumpges Lead The Way

The tennis team included **(first row):** John Dean, Tim O'Neal, Rod Broadbent, Doug Oliver, Steve Bradford, Don Chandler, Joe Cullinan, Greg Hancher, Brad Storms; **(back row),** Rudy Waardenburg, Pat Crymes, Gunder Morken, Jim Stratton, Fritz Stumpges, Rick Kidder, Doyle Buchanan, Captain Calvin Miller, Audun Morken and Coach Jim Downs.

The Songleaders are from **left to right:** Kathy Austin, Terri Thomas, Kristin Lohr, Helen Abbott, and Consuelo Contreras.

Cheer And Songleaders

To become a song or cheerleader the girls must meet certain requirements. Each girl trying out is required to have a 'C' average and be willing to devote much of her time to after-school practices. The girls try out in front of and are voted on by the entire student body. The winners are announced at the annual Vista Relays dance.

The Cheerleaders are **left to right:** Debby Reed, Jo McLean, Patti Graf, Diane Redfern, and Kathy Puckett.

Candy Sale Is A Big Success

"Okay, somebody break out the cards," Mrs. Morrison, Mr. Landis, Mrs. Dennett, Mr. Hurd, Miss DePuy, and Mr. Fields, all ambitious Junior Advisors, look as if they're all ready for a game of Old Maid. Actually they are a hard working group, especially Mr. Fields, "king of the candy merchants."

Rita Guenser, an exceptional runner, placed tenth in an AAU National Cross Country meet in Seattle, Washington, last fall. The competition included girls and women from all over the United States and Canada. She is also one of the top ten AAU half-milers in the United States.

"This heartburn is killing me!" exclaims junior Roland Huberts as he comes to rest after running a few laps around the track.

"Oh! Oh' Look! Look! See Jane run." reads Marianne Pratola, one of Vista's articulate juniors as she bones up for the P.S.A.T.

Juniors Work HarderThan Ever

This year's Junior Candy Sale was a booming success! The Juniors sold 3,188 pounds of candy. Pictured here are Mrs. Morrison, Assistant Junior Class Advisor; Denia Herb, Kathy Knuppel, Carolyn Moon, and Carol Johnson witnessing the flight of the Candy Sales rocket along the "candymometer."

Donate Scholarships

A new "first" in Vista High's annual junior class prom candy sale project was achieved this year. The class officers announced at the close of the sale that it had earned enough money not only to foot the bill for the prom but also to provide two $150 scholarships for one boy and one girl upon graduation in 1966.

Any member of the class of 1966 is eligible to receive these scholarships. The winners will be judged on their citizenship both on and off campus. However, it is not necessary to have an "A" or "B" average; a C status will be the minimum.

Martin —

Bless You. Always

Seniors, Seniors,

Seniors were we,

Happy-go-lucky

Careless and free.

God bless us.

We were the best of

All of the rest,

We were the Mighty Seniors.

"Don't look now Kris, but isn't that the track team coming toward us?" Rixie Wehren and Kristin Lohr, who have nothing better to do during Journalism than play their guitars, seem to be wondering if maybe the classroom isn't safer after all.

Seniors Have Varied Interests

"Wow! Look at it go!" blurts out David Ecker, (center) as Skip Thornburg and C. Jay Parkinson urge the car on at the slot car racing track in Vista.

Nancy Downs, one of the most promising art students at Vista High, demonstrates her fine qualities in a simple painting of much feeling and expression.

No, boy genius Fritz Stumpges isn't peeling potatoes, he's slowly but surely working his way to the moon with his latest rocket invention. Fritz is an avid rocketeer in his spare time.

"Earth to Mars — Earth to Mars," repeats Steve Thomas as he sits wondering where he went wrong in putting together his ham radio set.

Teenage life is filled with fun and activity. In 17 years the class has had time to find out what they enjoy doing as well as to develop their hobbies. Their interests have changed from Canteen dances and the twist to the Beatles and the discotheque throughout their three high school years. It hasn't been all fun, but the gaiety and good times have made up for the occasional drudgeries such as finals and facing teachers every day.

Class Of 1965

MARIAN — I CANNOT TELL YOU HOW MUCH IT HAS MEANT TO SEE YOUR SMILING FACE WHEN I'M FEELING DOWN — WISH WE'D HAD SOME CLASSES THIS YEAR. CONGRATULATIONS ON A GOOD JOB IN THE PLAY — BEST OF LUCK TO A REALLY NICE PERSON AND A REAL FRIEND —

AS ALWAYS, YOUR FRIEND

To a good friend and I hope you will be true in 1946

Carl Ottinger

Marty
It has been fun knowing it.
I'm so glad this year
started coming to my
Sunday School. May you
continue to grow in the Lord.
Remember the Gospel
is to let Christ lead your life
God bless you
Casey
Prov. 3:5,6

Martin;
It's been a real pleasure. I wish you the best of everything.
Good luck.
Your friend,
Gracie Alsop

Martin —
Your companionship
during lunch was most enjoyable —
Be a good boy + lay off the booze.
Good Luck.
Bill Reynolds "65"

Martin,
Good luck in
the years to
come,
Richard
Callahan
'68

Martin,
Best of luck in
all you do. Your
a neat guy.
God Bless
Adele
diNovo

Martin
I wish you
all of the success
in the world. May
the good things be yours.
Larry Turner "65'

Martin -
Best Luck in everything.
Keep Smiling. "You don't have to
Lick all that terrible GLUE!"
